Elderly Stanford woman raped, police say

By Ben Kleppinger
ben@theinteriorjournal.com

STANFORD — An elderly Stanford woman was in the hospital in unknown condition Monday after she was allegedly raped during a burglary Friday night.

Stanford Police Chief Keith Middleton said police believe the burglary and rape occurred during a "forced home invasion" on Star Avenue around 10 or 11 p.m. "(The elderly woman) was robbed and raped by what she described as a black

male," Middleton said. "... it's a sad situation."

The woman, who is in her 90s, was taken to Ephraim McDowell Regional Medical Center for treatment. Middleton said Monday her condition was unknown and didn't know if she would

recover from her injuries. Police have not arrested or charged anyone in connection with the incident, but Middleton said Kevin Montez Higgins, 27, is considered a "primary person of interest."

Higgins has had multiple

run-ins with law enforcement over the years. Most recently, he was in the news in March for allegedly stealing a car, leading a police chase across Lincoln County and getting into a scuffle with a deputy sheriff. Higgins was arrested

Saturday morning after apparently breaking into a different home on Star Avenue and stealing jewelry and a knife before going to sleep in one of the home's

Counterfeit \$10s, \$20s surfacing in Stanford

By Ben Kleppinger
ben@theinteriorjournal.com

STANFORD — Residents in the Lincoln County area might want to be extra cautious with their cash while local law enforcement is dealing with an influx of counterfeit money.

Over the past two or three weeks, police have recovered \$200-\$300 worth of counterfeit \$10 and \$20 bills in the Stanford area, Stanford Police Chief Keith Middleton said.

"There are counterfeit bills floating around everywhere," Middleton said. "You'll have good citizens who take a \$10 or a \$20 ... and not even realize it's counterfeit."

Middleton said many of the bills are being found by area businesses — a discovery that's not good for their bottom line.

"For small merchants, it's a big loss," he said. "Whoever's holding the phony money loses the value of the note."

Tanya Lewis, a technician at Stanford Veterinarian Hospital, said she's encountered two counterfeit \$20 bills. She found one at the vet's office and one in a deposit for her church, Alum Springs Baptist.

"The only thing that made

Ops. director blamed for McKinney Ambulance closure

By Ben Kleppinger
ben@theinteriorjournal.com

MCKINNEY — The blame for why McKinney Ambulance Service shut down and stopped responding to 911 calls in May lies squarely at the feet of its former operations director, according to comments made by McKinney Ambulance Board Chairman James Williams this week.

Williams told the county-wide ambulance board Monday that the service's on-duty employees went home mid-shift the night of May 17 after Operations Director Stephen Wood sent a text message stating the service was shut down.

"They actually closed the doors and went home somewhere around 11 p.m.,"

Jail cost continues to rise for Lincoln

By Ben Kleppinger
ben@theinteriorjournal.com

STANFORD — Rising jail costs are the most notable difference in Lincoln County's proposed budget for the coming fiscal year. The proposed budget, which magistrates approved first reading of last week, plans for expenses at Lincoln County Regional Jail to grow by about 6.53 percent, while revenues are expected to drop off by about 4.74 percent.

As a result, the cost to the county of operating the jail is anticipated to be \$933,362, which is \$121,627 more than the budgeted cost this fiscal year.

An analysis of county budget documents by The

Volunteers want to keep city program going without paid director position

By Ben Kleppinger
ben@theinteriorjournal.com

STANFORD — The Stanford Art and Music Program will continue to build toward its flagship September festival and then battle on without a paid director come October. That was the consensus at a meeting of arts program volunteers and organizers on June 13.

The meeting, led by arts program Director Bob Swett and Stanford Mayor Bill Miracle, was called to discuss the future of the program after Miracle suggested cutting the paid arts director position in his proposed budget for the coming fiscal year.

As the meeting began,

Interim session for state legislature began last week

We began what is called the “interim” last week. The interim is the period from June to December between the regular legislative sessions that begin in January. During the interim, committee meetings are held to discuss and weigh potential legislation that could be introduced during the regular sessions. These committees are made up of both Senate and House members. In addition to chairing the Natural Resources and Energy Committee, I also serve as Vice-Chair of both the Banking and Insurance Committee and the Special Subcommittee on Energy. I am a member of the Education Committee -- all high-profile committees. I meet with both advocates and regular citizens on issues we cover. There is also staff available to research topics when appropriate.

The Joint Interim Natural Resources and Energy Committee received testimony from the Kentucky Department of Fish and Wildlife Resources on sport-fishing below dams owned by the U.S. Army Corps of Engineers as well as a discussion on boating safety. We also heard about the toll of invasive and/or exotic plant and animal species. Invasive plants and animals can cause extensive and costly damage to farmers, homeowners, city and county government budgets, and tourism. For example, the bushy honeysuckle has created a big mess for farmers and land-owners. Those purple traps hanging from trees are for the emerald ash borer.

A two-year moratorium on boating restrictions planned by the U.S. Army Corps of Engineers both above and below dams on the Cumberland River recently took effect, restricting boater access to popular fisheries on Lake Cumberland and Lake Barkley. The moratorium is part of the Freedom to Fish Act, sponsored by Senator Mitch McConnell, which

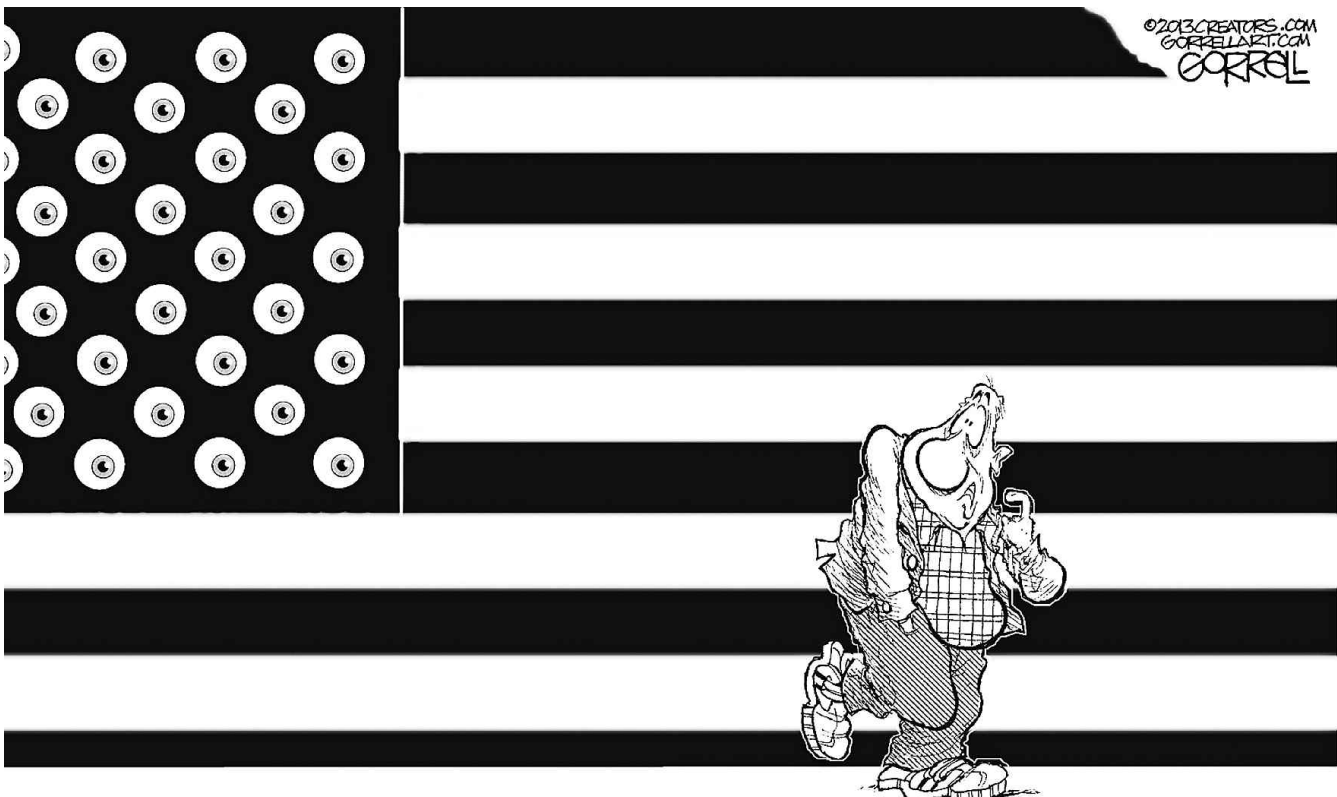

Jared Carpenter
State Senator

was signed into law by the President. The ban took effect immediately, preventing planned “full-time” restrictions while a permanent solution to the Corps of Engineers’ concerns is worked out. During the 2013 Session, I supported Senate Resolution 112 which opposed the proposed restrictions. As you can imagine, I was very pleased to see the results.

The Education Committee also met. The committee heard testimony from several groups and individuals regarding the Common Core Standards adopted by the Kentucky Department of Education after the passage of Senate Bill 1 in 2009 which directed the department to revise academic standards for the state. Common Core standards only pertain to English and math. There appeared to be some disagreement over how strict the standards are and how they might apply in Kentucky. I will continue to monitor and assess the situation during this interim.

While it is the interim and I will be working primarily from home, I still maintain an office in Frankfort which is staffed. The interim will be chock-full of issues including the budget, agriculture, energy, education and everything in between. Please call me with any questions, comments, or concerns at 502-564-8100 or toll-free at 800-372-7181. If you miss watching the proceedings on KET, meetings are archived at www.ket.org.

State Sen. Jared Carpenter, R-Berea, is the Chairman of the Natural Resources and Energy Committee and Vice-Chair of both the Banking and Insurance Committee and the Special Subcommittee on Energy. He also serves on the Education Committee. He represents the 34th District including Lincoln, Madison, and Rockcastle counties.

Are fetus photos free speech?

SCOTUS decision to ignore anti-abortionists worrying for First Amendment advocates

For those of us who worry about the vitality of free speech in the “land of the free,” the news this week isn’t good.

On June 10, the U.S. Supreme Court refused to review a Colorado appeals court decision banning anti-abortion activists from displaying “gruesome images” of mutilated fetuses that might be seen by children.

The case that precipitated the appeals court ruling, *Scott v. St. John’s Church in the Wilderness*, concerns an anti-abortion protest that took place several years ago on a public sidewalk near a Denver church — a church the protesters believed had fallen away from the teachings of the Bible by supporting abortion.

Although the protest couldn’t be seen or heard from within the church, the demonstration was timed to coincide with the church’s outdoor Palm Sunday procession.

Parishioners, including children, could look across

INSIDE THE FIRST AMENDMENT

Charles C. Haynes
Guest columnist

the street and see the graphic images carried by the picketers.

According to the appeals court, censoring the speech of anti-abortion protesters is justified because the state has a compelling interest in “protecting children from certain images of aborted fetuses and dead bodies.”

The court’s concern for the sensibilities of children is understandable. But consider the dangers of restricting content of political speech in public spaces merely because children might be disturbed by the message.

As the petition asking the Supreme Court to overturn the decision points out, “children under 12 are present in many locations. They often come with their families to parks. They

accompany their parents to go shopping... Their parents drive them down streets, from which they can see protesters on sidewalks. If the decision below is allowed to stand, speech in all these places could be restricted.”

Moreover, compelling pro-lifers to tone down their message in public places deprives the movement of one its most effective tools.

Opponents of abortion use graphic images precisely because photographs convey a message about what they believe is the brutality of abortion — a message that can’t be delivered in words alone.

If government can ban pro-life groups from displaying “gruesome images” because they might upset children, government could also ban animal rights activists, anti-war protesters, and any number of other groups from employing potentially disturbing photographs to promote their cause.

Lower courts have been divided about the power of government to put content-based restrictions on political visual messages in public places in order to shield children. Such images enjoy higher First Amendment protection in some places than in others.

That’s why it is disappointing that the Supreme Court did not take the Colorado case as an opportunity to end the confusion — and, one would hope, make clear that government may not restrict robust political speech in the public square anywhere in America.

After all, the ability to “shock the conscience” depends on the right to shock the viewer — a right that is at the very heart of free speech.

Charles C. Haynes is director of the Religious Freedom Education Project at the Newseum, 555 Pennsylvania Ave., N.W., Washington, D.C., 20001. Web: religiousfreedomeducation.org Email: chaynes@freedomforum.org.

Kentuckians should be aware of signs of elder abuse

An estimated three to five million older adults in America were victims of abuse in 2011. Elder Abuse often occurs at home, with a family member or caregiver causing the abuse. In many instances, it can go undetected for some time.

June is Elder Abuse Awareness Month and I

Jack Conway
Ky. Attorney General

am encouraging Kentuckians to join me in raising awareness about this important issue. Please watch for any warning signs that may suggest that elder abuse is

occurring to someone you know and love.

Signs of elder abuse include:

- Obvious malnutrition or dehydration;
- Bruises that when explained do not make sense;
- Pain on being touched; and
- Being isolated from

friends and family.

If you have suspicions that Elder Abuse is occurring, please contact the 24-hour toll free hotline at 1-800-752-6200. Calls can be made anonymously. If you believe the person is in immediate danger, please contact 911.

Kentucky is a mandatory reporting state; there-

fore, if you suspect that abuse is occurring you are legally required to report it.

Protecting Kentucky’s elderly and vulnerable citizens from abuse and neglect is a top priority of mine. Be assured, we in the Office of the Attorney General are working hard to hold accountable those

responsible for this despicable crime. Please join me in working to protect these valued members of our community by working to prevent elder abuse, and to protect the members of our community that have been abused.

Jack Conway is Kentucky’s Attorney General.

Obituaries

Madge Barnett Harlow, 85

Madge Barnett Bailey Harlow, 85, of Danville, died June 14, at Ephraim McDowell Regional Medical Center.

Born Aug. 5, 1927, in Logan, WV., Madge was a daughter of the late Mary Copher Barnett and Lester Campbell. She worked at ABC Grill, Certified Brake and the Boyle County Detention Center, attended Hope In Jesus Tabernacle and was the widow of Earl

Harlow and Allen Harlow.

Survivors include a son, Ferrell (Jeanie) Bailey; grandchildren, Charles (Amy) Bailey and Angela (Ken) Kik; a step-grandchild; two great grandsons; a great granddaughter; seven step great grandchildren; and a step great-great grand-daughter.

Funeral services June 18 at W.L. Pruitt Funeral Home with Revs. Jeanie Bailey and Anna Byrd officiating.

Billie Joe Howell, 79

Billie Joe Howell, 79, of Stanford, passed away Tuesday, June 11, at Fort Logan Hospital.

Born Jan. 17, 1934, in McNary County, Tenn., Billie Joe was a son of the late William and Dessie Matlock Howell. He was a Korean War Army veteran, the former owner and operator of H&G Backhoe Service, a member of American Legion Post #18 and Fairview Baptist Church and past member of Union 181 of Lexington.

He was also preceded in death by two brothers, Herbert and Willard Howell.

Survivors include his wife of 43 years, Brenda Tillett Howell of Stanford; four sons, Bobby J. Howell of St. Amant, La., Larry D. (Joyce) Howell of Gonzales, La., Billy J. Howell, Jr. of St. Petersburg, Fla., and Wayne (Penny) Greer of Stanford; four daughters, Janie (Johnny) Ebeling of Killian, La., Sue Pendarvis of Lake Martin, La., Jackie (Mark) Leto of Gonzales, La., and Tammy (Mitch) Lane of Stanford; two brothers, John D. (Carolyn) and Junior (Linda) Howell both of Selmer, Tenn.; three sisters, Juanita (Virgil) Quartors of Colorado Springs, Colo., and Doris (Joe Billy) Mullen and Wanda (David) Smith both of Selmer, Tenn.; two sister-in-laws,

Peggy and Charlotte Howell both of Selmer, Tenn.; 25 grandchildren; and 29 great-grandchildren.

Funeral services were June 14 at Fairview Baptist Church with Revs. Gary King and Jeremy Pope officiating. Burial was in the Fairview Baptist Church Cemetery.

Active pallbearers were Lee Burton, Chris Cole, Tim Tillett, Aaron Psimer, Jonathan Psimer and Joseph Lane. Honorary pallbearers were Austin Cole, Luka Lane, Charlie Cole, Caileb Lane, Chloe Pope and Gabriel Pope.

Memorials in lieu of flowers can be given to: Fairview Baptist Church Building Fund, The American Diabetes Association, 436 Kingswood Dr., Lexington, KY 40502 and/or The Wounded Warrior Project, 4899 Belfort Road, Suite 300, Jacksonville, FL 32256.

Spurlin Funeral Home in Stanford was in charge of arrangements.

Briggs Christian Lynn, 1

Briggs Christian Lynn, 1 year, 10 months, and 28 days old, died Sunday, June 16, at the Kentucky Children’s Hospital in Lexington.

Born July 19, 2011, in Boyle Co., Briggs was the son of Nick and Ashley Rousey Lynn of Hustonville. He attended the Rocky Ford Baptist Church.

Other survivors include paternal grandparents, Jerry Lynn and Cathy Lynn; pater-

nal great-grandmother, Jo Ann Joines; maternal grandparents, Gerald and Linda Rousey; maternal great-grandmother, Daisy Rousey; uncles, Nelson Lynn and Jordan Rousey; and special cousins, Bryson Chansler and Tobey Rousey.

Funeral services were June 18, at McKinney-Brown Funeral Home. Burial was in Hustonville Cemetery.

James E. Meade, 81

James E. “Ed” Meade, 81, of Stanford, died Sunday, June 16, at Fort Logan Hospital in Stanford.

Born Sunday, March 27, 1932, in Lincoln County, Ed was a son of the late John Henry and Ruth Calhoun Meade. He retired from Norfolk Southern Railroad, was a veteran of the Korean Conflict and a member of Parlor Grove Baptist Church.

Survivors include his wife, Emma Wells Meade; sons, Donald R. (Gina) and Ronald L. Meade; daughters, Sharon S. Meade (Kim) McWhorter and Debora A. Meade (Jeff) LaSure; a brother, Charles (Jo) Meade; sisters, Wilma Politz, Alma Bruner and Yvonne (Scotty) Pruitt; six grandchildren; and three great-grandchildren.

Funeral services were June 19, at Barnett & Demrow Funeral Home. Burial was in Parlor Grove Cemetery.

Sallie Elizabeth Moore, 94

Sallie Elizabeth Moore, 94, of Danville, died Thursday, June 13, at her residence.

Born Sept. 26, 1918, in Garrard County, Sallie was a daughter of the late Joe R. and Maggie Montgomery Duncan. She was retired from American Greetings, a member of Junction City Baptist Church and the widow of John W. Moore.

Survivors include her

sons, Donnie and Eddie Moore of Junction City and James W. Moore of Parksville; a daughter, Margaret (Larry) Long of Stanford; a sister, Margaret Land of Lancaster; 10 grandchildren; and 13 great grandchildren.

Funeral services were June 16 at Ramsey Funeral Home with Jason Gibson and John Land officiating. Burial was June 17 at Lancaster Cemetery.

Stay safe this Fourth of July

By James A. Turpin, M.D.

The Fourth of July is approaching, and what would the holiday be without fireworks? The truth is that hospital emergency rooms would be a little less busy during the Fourth of July holiday, as nearly 10,000 injuries related to fireworks are seen in emergency rooms each year. Nearly half of those injuries involve children. Most injuries involve burns, with hands and eyes being the most common part of the body injured.

Because there is no such thing as completely “safe” fireworks, it’s important to be extremely careful when using them. The safety and best way to enjoy the Fourth of July holiday is to watch a professional fireworks display.

If you do decide to use fireworks while celebrating the Fourth of July holiday, please follow these suggestions:

- DO:
- Buy fireworks from reputable dealers.
 - Read warning labels and follow all instructions.
 - Keep a bucket of water or fire extinguisher on hand.
 - Light fireworks one at a time.
 - Dispose of all fireworks properly.
- DON’T:
- Give any fireworks, including sparklers, to small children; older children should be supervised by an adult.
 - Light fireworks indoors or near other objects.
 - Wear loose clothing while using fireworks.
 - Set off fireworks in glass or metal containers as the fragments can cause severe injury.
 - Try to relight or handle malfunctioning fireworks.

Dr. James A. Turpin is medical director of Ephraim McDowell Fort Logan Hospital’s Emergency Department.

Kings Mountain news

By Violet Bell/Beverly Murphy

Last night I received the great news that Brandi Jones, daughter of Richard and Rhonda Jones, will be coming home from the hospital today!!! That is indeed wonderful news. The doctors removed a lump of infection from her spleen which was causing all the trouble. It was not a blood clot as they first thought. A portion of her spleen was damaged, but that should not cause her any trouble in the future. Brandi will be on oxygen for a while, but being able to be at home is a blessing. It is still unknown just what caused the infection. It is good to know that you are better Brandi and welcome home.

The Memorial High School graduating class of 1963 will be celebrating its

50th Reunion on Aug. 17. The reunion will be held at the old Memorial High School building and it will begin at 5 p.m. and will end at 9 p.m. There were 43 students in the Class of 1963, but at this time we have lost ten. As of today, 28 of the remaining students have said that they will attend and we are all looking forward to our day. I don’t know where the last 50 years have gone, because it seems like yesterday that we walked across the stage to receive our diplomas!

If you have any Kings Mountain News, please call 365-2991.

An encouraging word Facing bumps in the road

By Howard Coop

The familiar countryside, bathed in the late afternoon sunshine, was beautiful as the sun was approaching the western horizon. I was driving homeward along a familiar road when a large red sign, one I had not seen before, emerged as I approached a bridge. That sign warned oncoming traffic of a bump that was ahead. As a result of that recently erected sign, I reduced speed in anticipation of the bump.

At once, I saw the reason for the warning sign that had been erected. In preparation for new pavement, some old paving material had been removed at the end of the bridge. To be sure, there was a significant bump in the road. But because of the sign that had been erected and my response to it, I was able to cross the bump in the road easily and continued on my way without incident.

The road of life with all of its bumps stretches out before us, and we do not know with certainty what

lies ahead. Sometimes there are signs that warn of bumps in that road, but at other times, the bumps appear without any warning signs. Those bumps in the road of life, sometimes minor and sometimes major, do have consequences; they can be life changing. Therefore, it is exceedingly important to be prepared, to the best of our ability, for the bumps in the road of life.

There is always help for facing the bumps in the road of life. Friends and family surround us. They are there to give encouragement and support. We can count on them for help. Too, there are principles for living that have been proven to be reliable in the crucible of life. At all times, they are available to guide us. But what is more important, some have been taught that the Supreme Architect of the Universe is constantly writing designs upon life’s trestle board for us. When we follow these designs, the bumps in the road of life are less troublesome.

New Covenant Church news

By Bethany Rowland

The service at New Covenant Sunday, June 16, was wonderful. The spirit of God was present from the very beginning and everyone was ready to worship and praise God. Pastor, Bro. Joel Rowland, gave a wonderful sermon on "The missing man", reading text from John 20:19-24. The key verse being 24) "But Thomas, one of the twelve, called Didymus, was not with them when Jesus came." After Jesus' death, burial and resurrection, He is now returning to the disciples to show them that He is truly alive. But, where is Thomas? He was one of the twelve. He was supposed to be there.

Thomas had given up everything to follow Jesus and now He has seen Him beaten, mocked, shamed and crucified. He has lost all hope. He doesn't understand why this has happened. He is overwhelmed with hurt, pain, fear, doubt and confusion and so, he separates himself from the other disciples to grieve and think. This is what he thought he should be doing. Where he thought he should be. But, he was supposed to be where God planned, where Jesus would come to him. Had he been with the other disciples, Thomas would have received the hope, joy and comfort that only Christ can bring. Eight days later Jesus comes to the disciples again, this time Thomas is there, doubting that they had actu-

ally seen the Christ. But, now it has been made real to him also. If he had been where God intended he would have believed sooner.

God has called each of us to a specific place and time. He has a plan for every minute of our lives and wants us to follow it. But, so many times we follow our own feelings, emotions and desires. What we do not realize is that, in doing so, we miss out on the amazing blessings that God originally intended. God has a plan for us to pray, read and study His word, attend church, go on mission trips, answer His calling for our life, etc., whatever His plan for you is and He has great blessings in store for us while we are there. If we follow our own plans and desires we miss out on those blessings. Yes, He will still reach for us because of His amazing, unfathomable love, but, if we will follow His will and be where He has called us when He intends we will experience His many blessings so much sooner and in such an amazing way. Let us be so wrapped up in God's presence that we are always present where He has planned and are never "The Missing Man".

Please come and be with us for our praise and worship services Wednesdays at 7 p.m. and Sundays at 2 p.m., Sunday school begins at 1 p.m. We pray you are encouraged and find the love of God abounding in your life!

Mark and Susan McWilliams

Roberts, McWilliams exchange vows

Susan Elizabeth Roberts and Mark Edward McWilliams were united in marriage on April 20 at Highlands United Methodist Church in Birmingham, AL. The bride is the daughter

of Ralph and Martha Roberts of Stanford. The groom is the son of Ed and Vonnnette McWilliams of Birmingham.

The couple will make their home in Birmingham.

Fort Logan Hospital birth

Hunter Drew York

Hunter Drew York, the son of Karley and Timothy York of Somerset, was born Saturday, April 27 at the Fort Logan Hospital at 5:33 a.m. He weighed 6 pounds 3 ounces and measured 19 inches at birth.

Maternal grandparents are Kenny and Michele Delver of Lancaster. Paternal grandparents are David York of Eubank and Patricia York of Crab Orchard. Maternal great grandparents are Frank and Carolyn Buckler of Carlisle and Allen and Joyce Floyd of Cynthiana. Paternal great grandparents are Dallas and Lillian Wilson of Crab Orchard and Irvin and Dean York of Eubank. He joins a brother, Mason Wayne York, age 1.

Ottenheim area news

By Dorothea Schlappi

Sunday was a special day for Madelyn Schuler, daughter of Grace and Stephen, who was baptized into the Lord. St. Sylvester parish is glad to have her join in our faith and the hope of our risen Christ. May her life and her family be a very happy one.

St. Sylvester had a special dinner in honor of Madelyn and all the men to celebrate Father's Day after services Sunday. It's always nice to be able to sit down and visit with everyone and not have to rush home to fix a meal.

Saturday, June 15, the Schlappi-HoeHN reunion was held at the historical Lutheran Church building in Ottenheim. There wasn't as many as usual.

I guess the price of gas is one holdback, but it's always nice to see the ones who do come. Ellen Lowery and daughters, Danielle and Erin and Diane F. Smith were the ones who traveled the farthest from Ohio. David Feldman, Lancaster, Joan Smith, Stanford, Jerry and Susanne Zwahlen, Eileen and Timothy Sneed, Dorothea Schlappi, Tommy Goode, Olivea, Lily, Alissia and Paisley Denny all of Waynesburg and Ottenheim enjoyed visiting.

We hope all the dads had a very happy Father's Day.

Hint: It's ant time in the kitchen, try sprinkling red pepper on the floors and counter tops where you see them.

If you see someone without a smile, give them one of yours.

Church Announcements

First Missionary Baptist to hold VBS
First Missionary Baptist Church, 218 Martin Luther King Street, will hold Vacation Bible School, July 15-19 from 6 to 8 p.m. each night. If you need a ride, call Jeanette Smith at (606) 669-6108 or at the church at (606) 365-9148 after 5 p.m. The theme for the week is The Gift of His Son Jesus Christ. A Backyard Ministry will be held on July 19 from 7 to 9 p.m. for the closing picnic.

String Mountain Express to sing at Ellisburg Baptist
The String Mountain Express will be singing at the Ellisburg Baptist Church Sunday, June 23 at 6 p.m. Everyone is invited.

Pleasant Point to hold VBS
Pleasant Point Baptist Church will hold Vacation Bible School June 24-28 each evening from 6:30 to 8:30 p.m. The theme will be "Kingdom Rock". The church is located on Hwy. 501 (Kings Mountain Road). Pastor is Ed Bray.

Stanford Christian Church
We all know what happens when we continue to drive our car without taking the time to stop and refuel. It’s no different in our daily lives. When we don’t service and refuel our spiritual lives regularly, we cannot function at maximum efficiency. Come “refuel” with us on Sunday morning at Stanford Christian Church at 10:50 a.m., 200 East Main Street (next to the Courthouse).

Missionary Day at Pleasant Valley
On Sunday June 23, the Pleasant Valley Baptist Church, Lancaster will be having Missionary Day. The 3 p.m. guest will be Pastor Ronald McCowan and congregation from Bethel Baptist Church, Danville. Everyone is invited. Dinner will be served. Joseph Shea Brown, Pastor.

Kutter to sing at Crab Orchard Baptist
Mary Kutter from Lebanon, music major (singer, songwriter and instrumentalist) at Campbellsville University, will be singing at Crab Orchard Baptist Church on Sunday, June 30 at 6 p.m. She has invited her friend Carri Hunt from Mt. Vernon, also a music major at Campbellsville, to sing with her on a couple of songs. For more information go to Mary’s website at www.marykutter.com.

Fairview Baptist Church VBS
Fairview Baptist Church will hold Vacation Bible School on June 26, 27 and 28 from 6 to 8:30 p.m. and Saturday, June 29 from 10:00 a.m. to 4:00 p.m. Our theme is The Kingdom Chronicles: Standing Strong in the Battle for Truth. For transportation call 606-669-3096 or 606-365-2116.

Lincoln Christian Academy to hold Open House
Lincoln Christian Academy, located at Waynesburg, will be hosting an Open House and conducting Student Registration on Saturday, June 29, from 10 a.m. to 1. LCA is accepting a limited number of new students in first through seventh grades for the 2013-2014 school year. For more information call (606) 879-6146.

Stanford Christian Church
Looking for a guaranteed triple crown winner? Try training regularly with the Father, Son and Holy Spirit! In the real race of life, this team will lend us to the ultimate victory. Come worship with us this Sunday at 10:50 a.m., at the Stanford Christian Church, 200 East Main Street (next to the Courthouse).

New Beginnings United Methodist Church to have SONday
New Beginnings United Methodist Church will be having SONday services on June 23 and July 14 and 28 from 6:30 to 7:30 p.m. The service will be contemporary worship with live music, skits, dance and a message. For more information, call (606) 365-7384.

Pleasant View Church news

By Scena Ann Petrey
Sunday, June 16 worship services began with a special by Bro. Jamie. Touching words in the song were as follows: “Almighty God, Lord of all Creation, the Holy One – so many names You’ve given us to call You. Your favorite name is Father. You love to hear your children calling; You are there to catch us when we’re falling.” What a wonderful tribute to our heavenly Father!

Men have been given the responsibility as spiritual leaders in the home. If fathers are spiritual leaders, wives will follow, children will follow, and homes will be stronger. One in three children is growing up without his/her biological dad. Our earthly dads will let us down from time to time, but our heavenly Father never lets us down. God does not turn His back on us, but rather “has our backs”; He takes care of us! So began Bro. Kyle’s message Sunday on Father’s Day. The message taken from Psalm 1 was entitled “The Happy Man.” The three truths in the message were teaching men how to be happy, how to help others be happy, and how to be happy forever. True happiness is in God. In an arid climate, a tree has to be planted by water – a source of life. Man has to be connected to Jesus so He will be our source of life. Through this nourishment, we have a personal relationship with God, and hopefully, we become mentors to others. Friday, several men from our church, along with men from Friendship and Smith’s Grove, went to the Gridiron

Conference in Birmingham, Ala. Featured speakers for the conference were Tim Tebow, Dr. Fred Luter, Phil Waldrip, Josh McDowell and Dan Cathy. Charles Billingsley was the director of music. The following men from Pleasant View attended: Bro. Kyle, Bro. Jamie, Josh Jacobs, Kevin Coots, Bryce Todd and son Peyton, Chuck Jacobs, Aaron Cook, and Ryan Zenka. They returned Saturday evening.

Congratulations to Rachel Cook, a student at University of the Cumberlands. She made the President’s List last semester. She is the daughter of Pam and John Cook. Congratulations to Ryan and Stephanie Wilson upon the birth of their daughter Scarlett Lee on June 10, 2013. She weighed 7 lbs., 2 oz. and was 19” long. Her grandparents are Jim and Laurie Alford. Courtney Harris and Greg Petit will be married at Pleasant View on Saturday, June 29. A blood drive will be held Thursday, June 27 in the fellowship hall from 2 to 7 p.m. A photo ID is required. We will have a baby dedication ceremony July 7 during the 11 a.m. service. If any parents would like their baby/child to be dedicated, please see Bro. Kyle for more information. Summer WOW!?? “Worship on Wednesdays” is a time for worship for children kindergarten through sixth grade and will be each Wednesday from 7 to 8 p.m. A snack will be provided each week. The next senior adult fellowship luncheon will be on

Wednesday, July 17. Lunch will be at a very special place which is a surprise. We invite you to join us for the fellowship and luncheon. There will be a picnic to celebrate the end of Bible

School Friday, June 21 from 6 to 9 p.m. A hot dog meal will be provided that night. Thought for the week: “God wants full custody, not weekend visits!”

Our new Conventional No Mortgage Insurance Loan could save you \$1,000 a year!*

Every donor will receive a \$10 Walmart gift card. Also, everyone 18 and older who registers to donate blood with the Kentucky Blood Center (KBC) is eligible to win a 2013 Toyota Prius. Donors must be 17 years old, weigh at least 110 pounds, be in general good health and meet additional requirements. For more information call 1-800-775-2522.

Lincoln County Floral Hall Exhibits

It's time to prepare your exhibits for the Lincoln County Fair Floral Hall. Catalogs and entry tags are available at the Lincoln County Extension Office. You can exhibit in many different categories: home furnishings, needlecraft, creative crafts, food preservation, culinary, sewing, art, ceramics, photography, honey, FFA, and 4-H. Bring these exhibits to the Floral Hall on Monday, July 1 between 9 and 11:30 a.m. Flowers, garden, field crops, and horticulture entries are on Wednesday, July 3 from 9 to 11:30 AM. Contact Connie Howerton at (606) 669-0265 for more information.

Mother/Daughter Look-Alike Contest

The Mother/Daughter Look-Alike contest will be held Monday, July 1 at the Lincoln County Fair following the Miss Lincoln County Fair. Entry fee is \$5 per couple. For more information, contact Theresa Long at (606) 365-2084.

Army Band to perform

The 202nd Army Band will perform on Tuesday, July 19 at 7 p.m. on the Lincoln County Courthouse steps. The concert is free. Bring your lawn chairs and enjoy this free concert.

Lincoln Co. Fair talent show

The Lincoln County Fair Talent Classic is Friday, July 5 at 7 p.m. There are two divisions: Division I is for ages 7 – 12. Division II is for ages 13 – 21; this division will also be competing for an invitation to compete at the Kentucky State Fair in August. For more information and to register, contact Stacy Story, 606-365-8688 or Mary Ann May, 606-365-9607.

Stanford Fall Art and Music Festival

The Stanford Fall Art and Music Festival is set for Sept. 20 and 21. For more information call Bob at 207-239-4766.

Lincoln County Writers Group to meet

The Lincoln County Writers Group will meet at the Lincoln County Library on June 20.

Jim Powell Band to perform

Welcome in summer by enjoying an evening with the Jim Powell Band on Saturday, June 22 from 7-10 p.m. at the First Southern Community Art Center. Advance tickets are available at Stanford City Hall for \$8 or at the door \$10. For more information or reservation call Bob at 207-239-4766.

June Car Cruise-In

There will be a June Car Cruise-In in downtown Stanford from 6-9 p.m. on Friday, June 21.

Rabies Vaccination Clinic

The Lincoln County Rabies Vaccination Clinics have been scheduled. The clinics are sponsored by the Lincoln County Health Department, Animal Care Center and Stanford Veterinary Clinic. The clinics will be held at various locations throughout the county. The vaccination fee will be \$5.00 per domestic animal, a reduced rate from the normal fee. The dates and times are as follows: Friday, June 21 - Hustonville Elementary School 10:00-11:30 a.m.; Friday, June 21 - Lincoln County High School 6:30 - 8:00 p.m. For additional information, contact the Lincoln County Health Department at 365-3106, Animal Care Center at 365-7660 or Stanford Veterinary Hospital at 365-0911.

Waynesburg Rescue Squad sponsoring bluegrass singing June 29

The Waynesburg Rescue Squad will be sponsoring a bluegrass singing on Saturday, June 29 at the Waynesburg Park, located across the road from the rescue squad. The singing will start at 1:30 p.m. and will continue until 10:30 p.m. The event is free to the public and concessions will be available on site. Eleven gospel and bluegrass bands are scheduled to perform, including The Gospel Sounds, Just In Tyme, Living Waters Band, Happy Travelers and Bluegrass Pike.

Bobbett's Certified Naturally Grown Farm Tour

Join The Gardener's Group for their summer field trip to the CNG farm of Bobbett Jascor on Saturday, June 22, 10 A.M. in Liberty. We will be touring the farm and learn about the CNG program and how the practices are used to grow the produce, berries and fruits that are available from her farm. We will also learn how to "grow by the acre and not by the square foot" as well as how to expand and market our products. This should be an interesting program for novice gardeners as well as those interested in selling from their farm or on line. If you plan to attend call the Casey County Extension Office at (606) 787-7384 by June 19 to get directions to the farm.

Herbs for Energy and Other Topics

The Nature's Thyme Herb Group welcomes back Mary Ray from Bardstown. Mary will be talking about herbs for energy but will have much more information to share after she attends the International Herb Conference coming up at the end of June. Join us on Thursday, July 11 at 7 p.m. at the Garrard County Extension Office in Lancaster. We do ask that you call the office to reserve your seat (859)792-3026.

Crab Orchard Celebration set for June 28 & 29

The Crab Orchard Celebration will be held Friday and Saturday, June 28-29. On Friday night we will have vendors, car cruise-in, beauty pageants, 3 on 3 basketball, street dance and fireworks. Saturday will start with a country ham breakfast, car show, 3 on 3 basketball and ending with the parade. If anyone would like to participate in any of the events, please contact City Hall, (606) 355-2319.

Benefit Trail Ride for Randy McGirr

A benefit trail ride for Randy McGirr will be held Saturday, June 22 starting at noon at the David Shelton Farm, 1145 Maple Swamp Road in Waynesburg. For more information, call Lesia Shelton at (606) 669-4083 or Mark Shelton at (606) 669-3728. Gate will open at 9 a.m. Camp is available. There will be door prizes and trophies. Rain or shine (wagons, buggies, horses and mules are welcome). Bring your own lawn chairs.

Crab Orchard

4th of July Celebration to hold its annual celebration

The Crab Orchard 4th of July Celebration will host its 37th annual celebration and parade on Friday, June 28 and Saturday, June 29. We will be having a car cruise-in, corn hole tournament, 3 on 3 Basketball tournament, car show, beauty pageants, county ham breakfast, fireworks, vendor booths, parade and much much more. If any group or organizations are interested in being in the parade, contact Crab Orchard City Hall, (606) 355-2319 for information.

4-H Summer Camp

Summer is quickly approaching, and many Lincoln County youth are making plans for attending 4-H Summer Camp. At camp, 4-H'ers spend their days participating in activities such as swimming, arts and crafts, canoeing, nature hikes, archery, rock climbing, riflery and sporting activities. This year, Lincoln County will be camping with Boyle and Powell Counties July 8-11 at the J.M. Feltner 4-H Camp in London. The theme for the week is Feltner 4-H University. Youth will learn about college, experience dorm life in cabins named for fraternities and sororities and even enjoy a toga party. Camp applications for campers and adult volunteers are available for pick-up at the Lincoln County Extension Office. Registration forms are due by June 14. For more information about 4-H Camp, contact the Lincoln County Extension Office at (606) 365-2447 or find us on Facebook by searching for Lincoln County 4-H.

LC Public Library events

- Events at the Lincoln County Public Library.
- Summer Lunch Program and activity resumes Monday, June 24 at 11:30 a.m.
- Summer Reading Program ages 9-12 Tuesday, June 25 at 1 p.m.

IJ COMMUNITY

Hospital raises over \$5,800

Fort Logan Hospital associates recently participated in the Lincoln County Relay for Life. The team raised over \$5,800 with various fundraisers throughout the year including payroll deduction and basket sales; one of which was donated by Golden Living Center. Fort Logan Hospital's team won first place in fundraising by a health care organization.

As part of the night's events, Angie Goetz donated ten inches of her hair to the American Cancer Society to be used in making wigs for cancer patients.

The team's site at the relay was decorated as a Western Saddle Store. Their motto was "Giddy on up and help us stomp out cancer".

Associates participate in Relay for Life

Highland United Methodist Church news

Sunday, June 16, was a wonderful day for worshipping the Lord and for honoring and remembering our fathers.

There was a good attendance with several visitors. Buddy Young, Carl Elliott and Doug May were the fathers that had pews filled with children and grandchildren.

Buddy Young's son, Scott, and family; wife, Peggy, and children, Kelci and Cameron, and Buddy's daughter, Jourdan, and her husband, Zack, were present.

Carl Elliott's daughter, Carla, her husband, Steve Martin, and two of his grandchildren, Daniel and Summer Sebastin, worshipped with us.

Doug May's wife and family are; also, one of Dart Davis' children, and the rest of the family are his grandchildren and great grandchildren. All of them are there most every Sunday.

Too, Mr. and Mrs. Billy Laswell (Somerset) were present for worship.

Rebecca Garcia opened our worship service with a welcome, announcements and prayer requests.

Later, Rebecca gave recognition to the youngest father present, Scot Cheetham, and the oldest father, Dart Davis.

All of the fathers' gifts were provided by Frankie Young.

There were at least four unspoken prayer requests. Karen Davis requested prayer for a special young girl. Beverly Young had a large scar on his wrist after having had a cancerous knot removed. There was a request for Dawn and Scot Cheetham.

Last week, Dawn had oral surgery and was in a great deal of pain. Also Scot had made

three trips to and from Tennessee; as, they are moving back to Kentucky and trying to store furniture, etc. until they make further plans.

Dawn did her best to lead the children in singing, "Jesus Loves Dads," and doing a segment with statements to fathers with the children's participation. Little Austin Pennington read beautifully a poem entitled, "Your Dad."

The women presenting readings were: Kim May, "To Dad on His Special Day," Jo Ann Elliott, "What Dad's Do" and Karen Davis, "What Is A Father."

Buddy Young and sister, Doris Scilley, sang, "I Got a Hold of God This Morning." This was a song about our Heavenly Father, but elements could be related to our earthly fathers. We get anxious when we can't get in touch with God right away, and this is true of earthly parents (fathers); expecting them to be right at home (go nowhere), be there when we need them, and help us out and be waiting for us with open arms. Doris stated that her dad had once told her that if things (life) got too rough that she was always welcome to come home. This she had appreciated.

Scot Cheetham during his hectic, busy life found time to compile and beautifully orchestrate the pictures of our deceased fathers. Doris Scilley read information about each one. Some members felt free to make additional remarks. Those that we had pictures of to memorialize were: (I will include only one family member's name; so, readers will know of whom I write.) Newland Elmore Butt (daughter, Violet James), Bill

Dye (daughter, Betty Jo Singleton), Otis Carrier (daughter, Janice Smith), Ralph "Pete" Reed (wife, Heloise), Egbert "Ebb" Duncan (daughter, Heloise Reed), Wayne Smith (daughter, Iva Young), William "Bill" Vanhook (daughter, Ellen Hunkins), Fred Murphy (daughter, Nancy McGuffey), Kelly McGuffey (son, Orville McGuffey), William Thomas "Tom" Davis (son, Dart Davis), William Daley Reed (daughter, Joann), Phillip "Dave" Davis (wife, Karen), Robert "Bob" Wood (wife, Eunice), James E. Young (son, Beverly), Jo Van Hutchison (son, Joe), John C. Scilley (son, Donald), Charlie E. Young (daughter, Doris Scilley), Albert Elliott (son, Carl), and Carroll Berry (daughter, Jo Ann Elliott). There were nineteen in all.

Other women that participated were Betty Jo Singleton and Kim May (musicians), Heloise Reed (song leader), Frankie Young and Janice Smith (ushers), Iva Young and Ellen Hunkins (prayers), and all the women sang to the men, as a prayer for them, "Be Thou My Vision."

Rev. Scilley brought out mini thoughts on fathers. One statement, that received shouts of "Amen," was that fathers can show different aspects of being a "good" father, but until a father turns his life over to God; then and only then can a man really be the kind of father that he needs to be.

A fitting conclusion was the congregation singing the hymn, "When We All Get to Heaven."

On Graduation Recognition Day, June 2, our graduates

were Harley Matlock (high school) and Dylan Pennington (kindergarten). Harley is Janice Smith's grandson. Too, Janice deserves our thanks for

providing special graduate refreshments and most of the meal after worship.

Some wonderful and beautiful worshipful moments take

place among this small band of believers at the Highland United Methodist Church. Come join us and see at 10 and 11 a.m. on Sundays.

COMMISSIONER'S SALE COMMONWEALTH OF KENTUCKY 28TH JUDICIAL DISTRICT LINCOLN CIRCUIT COURT DIVISION NO. II CIVIL ACTION NO. 12-CI-00351

JPMORGAN CHASE BANK, N.A., SUCCESSOR BY MERGER TO CHASE MANHATTAN MORTGAGE CORPORATION **PLAINTIFF**

VS. NOTICE OF SALE

ROBIN L. ROWE ET AL

DEFENDANTS

**FRIDAY, JUNE 28, 2013, AT 10:00 A.M.
FRONT DOOR, LINCOLN COUNTY COURTHOUSE**

Pursuant to a Judgment and Order of Sale of the Lincoln Circuit Court entered December 19, 2012, in the above-styled civil action, the undersigned Master Commissioner will sell the following real property located at 120 Maxey Valley Road, Hustonville, Lincoln County, Kentucky, at the front door, Lincoln County Courthouse, on **Friday, June 28, 2013**, at the hour of 10:00 a.m., or as soon thereafter as said property can be sold, said property being more particularly described as follows:

Being a part of Lots #1 and #10 of the Lazy Acre Subdivision as shown on plat of same of record in Plat Slide A-288, Lincoln County Court Clerk's Office, described more particularly as follows:

BEGINNING at a point on the edge of right of way 25.00 feet south of centerline of Burnt Cabin Knob Road said pin being N 20° 02' 03" E 5.00 feet from an iron witness pin found, said point being the Northeast corner of Doug Ellis property (DB 272, PG 238) and also being the Northwest corner of Lot 10 of the Lazy Acres Subdivision as recorded in Plat Slide A-288 (DB 268, PG 236), said point also being the Northwest corner of the property being surveyed, said point also being located approximately 820 feet West of the intersection of Burnt Cabin Knob Road and Black Pike and being located approximately 2 miles West from the City of Hustonville, Lincoln County, Kentucky, thence running with south edge of right of way of Burnt Cabin Knob Road S 68° 56' 05" E 236.73 feet to a point, said point being N 18° 55' 08" W 11.98 feet from iron witness pin set, (3/4" X 18" rebar with yellow cap being PLS-3118, as will by typical for all set corner monuments) said point being the Northwest corner of Lot 2 of Lazy Acres Subdivision and the Northeast corner of property being surveyed; thence leaving right of way and passing an iron witness pin set at 11.98 feet and running with the original division line of Lots 1 and 2 of Lazy Acres Subdivision S 18° 55' 08" W 359.26 feet to an iron pin set, said pin being the Southeast corner of property being surveyed and being approximately 85.66 feet N 18° 55' 08" W from the original platted South corner of Lot 1 and Lot 2 of Lazy Acre Subdivision; thence leaving line of Lot 2 and running with new line across Lot 1 and Lot 10 N 70° 58' 03" W 243.72 feet to an iron pin set, being a new corner to Lot 10 and the Southwest corner of the property being surveyed; thence leaving new division line and running with line of Doug Ellis N 20° 02' 03" E passing an iron pin found at 362.71 feet and continuing at same bearing for a total distance of 367.71 feet to the point of beginning and containing 2.004 acres according to survey done February 10, 1997 by Douglas G. Gooch, RLS #3118.

This being the same property acquired by Robin L. Rowe, a single person, by deed from Fred Hamilton Et Al dated August 7, 2002, of record in Deed Book 326, Page 681, Lincoln County Court Clerk's Office.

The above described real property will be sold and conveyed subject to such valid and existing easements, restrictions, reservations, conditions, covenants and limitations apparent or of record in the chain of title.

The sale of the above real property will be made on a credit of thirty (30) days time with the privilege extended to the purchaser of paying the entire purchase price, or any part in excess of ten percent (10%) thereof, in cash at the time of the sale. If the sale be made on credit, the purchaser shall pay to the Master Commissioner immediately at the time of the sale ten percent (10%) of the total sale price and execute bond for the balance due in thirty (30) days, bearing interest at the rate of twelve percent (12%) per annum from the date of sale until paid, with a good and sufficient surety thereon; and the bond shall be secured by a lien upon said property sold which shall have the full force and effect of a judgment. The purchaser may pay the purchase price money due on the bond with accrued interest at any time before maturity.

The real property described herein is to be sold at the time and place stated; and shall be sold free and clear of all liens, indebtedness, interests and claims of the parties hereto, subject to any and all applicable statutory rights of redemption.

All delinquent ad valorem taxes, if any, interest and penalties will be paid out of the proceeds of said sale. The purchaser will be responsible for payment of the 2013 ad valorem taxes.

Possession of the real property will be given to the purchaser with the delivery of the deed of conveyance thereto. The purchaser will be responsible for all risks of loss to the premises upon acceptance of their bid at the time of sale.

The purpose of this sale is to satisfy the judgment of the Lincoln Circuit Court in the above-styled action in favor of Plaintiff in the sum of \$77,100.19 plus interest, advances for the protection of the property, costs and attorney fees as authorized and provided in said Judgment.

For further information concerning the above sale contact: Hon. Philip Q. Ratliff, Attorney for Plaintiff, Reisenfeld & Associates, LPA LLC, 3962 Red Bank Road, Cincinnati, OH 45227, Tel. #513-322-7000.

Notes from Sara

By Sara Givens

When it rains, it pours. This cliché often feels true when trials come, with no sign of letting up. Whether our hardships are results of consequences of our choices, or simply part of a fallen world, we can find the time to focus on the Lord during such times and let Him determine how we perceive our circumstances. He is the answer !!!

Vacation Bible School will continue at Boneyville Baptist Church June 20-21 at 7 p.m. Mrs. Patricia Suter is in charge of this service. Elder Robert Coulter, Jr., is the pastor.

Mrs. Sara Jones has been dismissed from Ephraim McDowell Regional

Medical Center.

Mr. Josh Cooper has been released from the hospital.

Miss Trudy Gooch has been dismissed from Ephraim McDowell Regional Medical center after undergoing knee surgery.

Mr. Clark Newcomb is home visiting with family and friends.

The Simpson/Hayes reunion committee will meet at Boneyville Baptist Church on Saturday, June 22 at 11 a.m. Other family members are welcome to attend.

The annual homecoming and basket meeting will be held at Boneyville Baptist Church on July 14. Rev. Wendrell Hunn, Jr., and

congregation of First Baptist Church, Springfield, will be the 3 p.m. guests. Elder Robert Coulter, Jr., is the pastor and Elder Chris Simpson is the associate minister.

Mrs. Cathy Miller is still recuperating after recently being released from the hospital.

Thought for the week: One of the happiest moments ever, is when you feel the courage to let go of what you can't change.

NOTICE OF SALE

ANITA JOY MEECE ET AL

DEFENDANTS

FRIDAY, JUNE 28, 2013, AT 10:00 A.M.
FRONT DOOR, LINCOLN COUNTY COURTHOUSE

Pursuant to a Judgment and Order of Sale of the Lincoln Circuit Court entered December 14, 2012, in the above-styled civil action, the undersigned Master Commissioner will sell the following real property located at 125 Eastwood Drive, Stanford, Lincoln County, Kentucky, at the front door, Lincoln County Courthouse, on Friday, June 28, 2013, at the hour of 10:00 a.m., or as soon thereafter as said property can be sold, said property being more particularly described as follows:

BEING Lot no. 10, Block J, Unit 1A, Forest Hills Subdivision, as shown on a Plat of record in Plat Book 2, page 26, (now Plat Slide A-28), Lincoln County Court Clerk's office, same being more particularly described as follows:

BEGINNING at a point in the South right of way line of Eastwood Drive, said point being the Northeast corner of Lot 9 and the Northwest corner of the Lot being conveyed; thence South 81 degrees 13' East 100 feet with said right of way line to the Northeast corner of the Lot being conveyed and the Northwest corner of Lot 11; thence South 8 degrees 47' West along the line of Lot 11 150 feet to a stake at the Southeast corner of the property being conveyed and the Southwest corner of Lot 11; thence North 81 degrees 13' West 100 feet on a stake at the Southwest corner of the property being conveyed and the Southeast corner of Lot 9; thence North 8 degrees 47' east 150 feet with line of Lot 9 to the point of Beginning.

This being the same property acquired by Anita Joy Meece, a single person, by deed from Rachel Kelsor Johnson, a single person, dated April 10, 1998, of record in Deed Book 287, Page 589, Lincoln County Court Clerk's Office.

The above described real property will be sold and conveyed subject to such valid and existing easements, restrictions, reservations, conditions, covenants and limitations apparent or of record in the chain of title.

The sale of the above real property will be made on a credit of sixty (60) days time with the privilege extended to the purchaser of paying the entire purchase price, or any part in excess of ten percent (10%) thereof, in cash at the time of the sale. If the sale be made on credit, the purchaser shall pay to the Master Commissioner immediately at the time of the sale ten percent (10%) of the total sale price and execute bond for the balance due in sixty (60) days, bearing interest at the rate of twelve percent (12%) per annum from the date of sale until paid, with a good and sufficient surety thereon; and the bond shall be secured by a lien upon said property sold which shall have the full force and effect of a judgment. The purchaser may pay the purchase price money due on the bond with accrued interest at any time before maturity.

The real property described herein is to be sold at the time and place stated; and shall be sold free and clear of all liens, indebtedness, interests and claims of the parties hereto, subject to any and all applicable statutory rights of redemption.

All delinquent ad valorem taxes, if any, interest and penalties will be paid out of the proceeds of said sale. The purchaser will be responsible for payment of the 2013 ad valorem taxes.

Possession of the real property will be given to the purchaser with the delivery of the deed of conveyance thereto. The purchaser will be responsible for all risks of loss to the premises upon acceptance of their bid at the time of sale.

The purpose of this sale is to satisfy the judgment of the Lincoln Circuit Court in the above-styled action in favor of Plaintiff in the sum of \$45,669.36 plus interest, advances for the protection of the property, costs and attorney fees as authorized and provided in said Judgment.

For further information concerning the above sale contact: Hon. Tanya M. Richardson, Attorney for Plaintiff, Kinkead & Stilz, PLLC, 301 East Main Street, Suite 800, Lexington, KY 40507, Tel. #859-226-7576.

TREN TIRE CENTER, LLC, ET AL

DEFENDANTS

FRIDAY, JUNE 28, 2013, AT 10:00 A.M.
FRONT DOOR, LINCOLN COUNTY COURTHOUSE

Pursuant to a Judgment and Order of Sale of the Lincoln Circuit Court entered April 26, 2013, in the above-styled civil action, the undersigned Master Commissioner will sell the following real property located in Lincoln County, Kentucky, at the front door, Lincoln County Courthouse, on Friday, June 28, 2013, at the hour of 10:00 a.m., or as soon thereafter as said property can be sold, said property being more particularly described as follows:

PARCEL A:

Situated and located in Lincoln County, Kentucky, and being more particularly described as follows:

BEGINNING at a stake in the south right of way line of U.S. 150 corner to Baughman; thence with south right of way line of U.S. 150 due west 70.0 feet to an iron pin corner to Raymond Middleton Jr.; thence with Raymond Middleton Jr. due south 150.0 feet; due east 70.0 feet to a stake corner to Baughman; thence with Baughman due north 150.0 feet to the point of beginning and containing 0.24 acres, more or less, as shown by survey of Joseph B. Curlis Jr., RLS #2292.

There is also conveyed that right of way granted by Raymond A. Middleton Jr., et ux, on January 30, 1984, of record in Deed Book 215, Page 121, Lincoln County Court Clerk's Office.

PARCEL B:

The following described property located in Lincoln County, Kentucky, and more fully described as follows, to-wit:

BEGINNING at a point 150 feet due South from the southern right-of-way line of U.S. Highway 150, corner of Middleton and Baughman; thence due South 268 feet to a point along line with Baughman to the middle of St. Asaph Creek; thence in a westerly direction approximately 70 feet along the middle of said creek to a point in the eastern line of property owned by Stanley Griffin; thence due North 270 feet along a line with Stanley Griffin to a point corner of Middleton and Griffin; thence due east 70 feet along a line with Middleton to the point of beginning.

SUBJECT TO SUCH valid and existing restrictions, reservations, limitations, conditions, easements and covenants as may be revealed in the record chain of title, specifically but not limited to an Oil and Gas Lease from James M. Gilbert and Daisy Gilbert, his wife, to Chevron Oil Corporation dated March 25, 1975, and of record in Deed Book 179, Page 329, Lincoln County Court Clerk's Office.

ALSO SUBJECT to water rights conveyed to Owen D. Manning and Sue Ella Manning, his wife, by deed from James M. Gilbert and Daisy Gilbert, his wife, being a 20 foot sewer line easement leading to St. Asaph Creek and more particularly described in said Deed of record in Deed Book 189, Page 293, said Clerk's Office.

This being the same property acquired by Tren Tire Center, LLC, a Kentucky Limited Liability Company, by deed from Morris Dwane White Et Ux dated May 18, 2003, of record in Deed Book 335, Page 104, Lincoln County Court Clerk's Office.

The above described real property will be sold and conveyed subject to such valid and existing easements, restrictions, reservations, conditions, covenants and limitations apparent or of record in the chain of title.

The sale of the above real property will be made on a credit of thirty (30) days time with the privilege extended to the purchaser of paying the entire purchase price, or any part in excess of ten percent (10%) thereof, in cash at the time of the sale. If the sale be made on credit, the purchaser shall pay to the Master Commissioner immediately at the time of the sale ten percent (10%) of the total sale price and execute bond for the balance due in thirty (30) days, bearing interest at the rate of twelve percent (12%) per annum from the date of sale until paid, with a good and sufficient surety thereon; and the bond shall be secured by a lien upon said property sold which shall have the full force and effect of a judgment. The purchaser may pay the purchase price money due on the bond with accrued interest at any time before maturity.

The real property described herein is to be sold at the time and place stated; and shall be sold free and clear of all liens, indebtedness, interests and claims of the parties hereto, subject to any and all applicable statutory rights of redemption.

All delinquent ad valorem taxes, if any, interest and penalties will be paid out of the proceeds of said sale. The purchaser will be responsible for payment of the 2013 ad valorem taxes.

Possession of the real property will be given to the purchaser with the delivery of the deed of conveyance thereto. The purchaser will be responsible for all risks of loss to the premises upon acceptance of their bid at the time of sale.

The purpose of this sale is to satisfy the judgment of the Lincoln Circuit Court in the above-styled action in favor of Plaintiff in the sum of \$36,766.13 plus interest, advances for the protection of the property, costs and attorney fees as authorized and provided in said Judgment.

For further information concerning the above sale contact: Hon. Robert R. Baker, Attorney for Plaintiff, Rankin & Baker, PLLC, P.O. Box 225, Stanford, KY 40484, Tel. #606-365-9186.

Master Commissioner
Lincoln Circuit Court

MCKINNEY

From A1

duty until 8 a.m. the next morning."

Williams said the McKinney board had been planning to downgrade from being an advanced-life-support service to being a basic-life-support service, and Wood had been made aware of that plan by a board member.

"But he took it upon himself to shut us down completely, and he's the one who notified the state I think, too," Williams said.

After the service shut down, the state revoked its license to operate. In order to get the license back, the board will have to go through a potentially-months-long application process with the state.

Williams said Wood instructed the on-duty staff the night of the closure to spread the word and tell other staff members of the closure. Board members didn't hear about the closure until the next day.

"By then, the damage had already been done," Williams told the county-wide board.

Williams said Wood, a Somerset resident, had not been completing his job duties for "the last three or four months," and as a result, the service is owed for about \$50,000 in bills it can't collect on because of incomplete paperwork.

"We're in the process of trying to get some of (the \$50,000)," Williams said. "No guarantee how much or what percentage we'll get, but we'll get some of it."

Asked if Wood is still employed, Williams said "not by us."

"One of our people was in contact with him on a Wednesday and he was in Louisiana at the time, working a NASCAR race," Williams said. "(Wood) told them then that he was going to be in the following Monday to

Williams said after the meeting. "They was supposed to have been on

turn in his keys and he was quitting."

Multiple McKinney-area residents attended the county-wide ambulance board meeting, attempting to question Williams and others associated with McKinney Ambulance Service about the closure.

"It's my concern that the board didn't know anything going on," one woman commented.

Crab Orchard Magistrate Lonnie Pruitt, one of many county officials in attendance at the meeting, told Williams and the county-wide board that he had experience with financial difficulties at the Crab Orchard Ambulance Service, when it began to run out of funds at one point.

The Crab Orchard service realized in time it couldn't continue paying two people per day for 24-hour coverage and switched to a volunteer system, Pruitt said.

Pruitt said he was concerned about how McKinney was able to get into such a serious situation without any warning.

"You don't want to see a squad go that bad before you're able to see the problem," he said. "I don't know anybody on the board, but out of that many people, somebody should have seen the problem before it got that bad."

County-wide ambulance board Chairman Jerry Shelton said issues with McKinney's specific finances and operations are less important to the county-wide board than simply making sure all county residents have access to EMS responders.

That access is being provided through mutual aid from the other nearby ambulance services, he said.

"I do think everything will resolve itself. I don't think it's going to happen overnight," Shelton said. "In the meantime, your needs are being met. Folks in McKinney, I promise you that much."

Powell said if the county board cannot up Stanford's payment for providing the service from \$25,000 to \$80,000 — an increase of \$55,000 — Stanford will be forced to begin billing for ALS backup runs, which would have an even greater negative effect on the other county ambulance services' income.

Powell estimated the lost revenue to the other ambulance services in the county would total more than \$93,000.

Board members did not seem appreciative of Powell's request, but board Chairman Jerry Shelton said the board would take the request under advisement.

A special meeting to further discuss the matter has been called for 7 p.m. Monday in the old Lincoln County courthouse courtroom.

JAIL

From A1

Interior Journal shows that, not counting federal grant projects, jail expenditures are expected to make up about 21 percent of county expenditures in the coming fiscal year.

This year, jail expenditures were budgeted to make up about 19.7 percent of non-federal-grant county expenditures, the documents show.

The net cost of the jail has been on the rise ever since 2007, which was the first year the county had to pay anything out of its general fund for operating the jail, Judge-Executive Jim Adams said.

Local officials across the board blame the rising number of Lincoln County prisoners for the jail's financial situation.

Lincoln County pays the cost of housing local prisoners, but it receives payment for housing prisoners from other counties and state inmates.

As the number of local prisoners goes up, the beds available to house paying prisoners goes down and the jail's revenue source disappears.

Lincoln County Jailer David Gooch said a drug-related "crime explosion" in recent years has contributed to the rising population of local prisoners.

The increase is also a natural side-effect of population growth, he said.

"This is inevitable. As Lincoln County grows, if the rate of crime holds steady as the population increases, there will be an increase in the number of Lincoln County prisoners," he said. "The major problem is the jail is simply not large enough."

Population reports from Gooch show the average number of local prisoners in the jail per day has doubled over the last nine years, rising from 31 during the 2005 fiscal year to an estimated 62 during this fiscal year.

During the same time period, the average number of revenue-generating prisoners per day has dropped from more than 77 to about 40.

Adams said the county is nearing a financial breaking point, when it might have no choice but to close the jail and transport prisoners to other jails in nearby counties.

"You could close the jail. That's an option," Adams said. "We're getting very close to having to make that decision."

County Treasurer Teresa Padgett acknowledged the jail's financial situation has been "a problem for years and there doesn't seem to be a good answer."

But there is a little bit of good financial news — at least for this fiscal year, the jail is projected to come in substantially under-budget, she said.

This year, the jail was budgeted to receive about \$811,000 in transferred money from the county general fund. With a couple weeks left in the fiscal year, the county has transferred in only about \$695,000, she said.

More bills and payments could be due before the end of the month and make one more transfer necessary, but even then the jail would likely still be well-under-budget, Padgett said.

Wherever the jail winds up with its budget this year, officials seem to agree the status quo cannot remain for much longer.

Gooch said he is studying the feasibility of turning the old Family Dollar building on Lancaster Street into a restricted custody center that would potentially allow the county to regain some of the revenue-generating prisoners it has lost over the years.

A restricted custody center, also known as an RCC, is a minimum security facility for prisoners who serve time on weekends, have work-release or are allowed to do community service.

Gooch said he believes an RCC would generate more money than it would cost, free up jail beds and provide a large number of other

benefits.

There are 26 Lincoln County residents currently serving time in other counties who could be transferred to a Lincoln RCC, Gooch said. Transferring those prisoners back into the county gives them a better chance of rehabilitating and increases the number of prisoners available for inmate labor programs, he said.

Housing community-service inmates in a separate RCC would also drastically reduce the amount of contraband being brought into the jail, he added.

"If successful, this project would result both in a significant expansion of our community service program and our re-entry program, a reduced recidivism rate, as well as a significant reduction in overall housing cost per inmate and the amount of the transfer in from the general fund to the jail fund," Gooch wrote in a quarterly report delivered to magistrates June 11.

In order to move forward with a plan for an RCC, Gooch said the first step is to form a jail committee consisting of himself, Adams, all four magistrates and a member of the Lincoln County community.

"I respectfully suggest that you take the appropriate action to form such a committee to decide whether and how to proceed with the project," Gooch wrote in his report.

After the committee is formed, there is an application process that must be adhered to and the project must be approved by multiple agencies.

But RCC or no RCC, Gooch said ideally, the county should begin the process of trying to build a new jail. Such a facility will be needed in Lincoln County and could be self-sufficient, especially if the county could land a contract to house federal prisoners, he said.

The idea of constructing a new jail is one that's been tossed around by county officials for many years. A jail focus group was formed a few years ago and, according to Gooch, recommended that a new jail was necessary in Lincoln County.

Gooch said if the county did decide to shut down the current jail and begin transporting prisoners out-of-county, it would essentially be choosing to "rent" its jailing needs, rather than investing in a jail and earning equity back on its expenses.

Gooch said he believes that eventually, paying the costs of building a new jail would pay off, when there is no debt left and county taxpayers are left potentially without any financial burden for their jailing needs.

"I want our children and grandchildren to own a jail free and clear," he said. "I don't want our future generations to have to worry about that."

Adams said he is skeptical a new jail is a possibility at all right now, given new state requirements demanding a "certificate of need" for a jail. With empty beds in many jails around the state, Adams said he doesn't think that certificate could be obtained by Lincoln County at this point in time.

Adams said he thinks a decision by fiscal court on whether to keep the jail or not will come down to a cost-vs.-jobs analysis.

The jail currently employs around 15 people, so magistrates will have to weigh however much the county general fund might save by transporting prisoners out-of-county against the impact of losing those jobs in the county, he explained.

If it decides to close the jail, the county will also have to be prepared to pay whatever is demanded for housing prisoners by out-of-county jails, Adams warned.

"You're never, ever going to be able to build another jail in my opinion," he said. "You're going to be at the mercy of whoever is housing your prisoners. Once you shut the doors, you're at the mercy of someone else, so you have to take that into consideration also."

Stanford EMS warns it needs \$55K to continue offering backup-run service

By Ben Kleppinger
ben@theinteriorjournal.com

STANFORD — In the wake of the McKinney Ambulance Service shutting down, Stanford EMS Director Ashley Powell has warned the Lincoln County Ambulance Board that his service needs \$55,000 more annually or it will have to begin billing for special backup runs it is making county-wide.

Powell told the County Ambulance Board Monday night that Stanford EMS cannot afford to continue the arrangement that has been in place since 2006, where Stanford provides advanced-life-support backup ambulances without charging for it.

For providing the ALS backups,

Stanford has been receiving \$25,000 from the County Ambulance Board every year since 2006. Before that, Stanford had received \$20,000 annually since 2001.

Powell provided charts Monday showing how Stanford's net income per backup run has dropped from about \$189 in 2001 to \$19.40 per run this year.

"We've increased run volume 350-400 percent, while we've increased revenue 20 percent once," Powell said.

With McKinney Ambulance Service out-of-commission for the foreseeable future, Powell said he anticipates a net income of just \$5.51 per run in the coming year, which isn't enough to continue providing the service.

Powell said if the county board cannot up Stanford's payment for providing the service from \$25,000 to \$80,000 — an increase of \$55,000 — Stanford will be forced to begin billing for ALS backup runs, which would have an even greater negative effect on the other county ambulance services' income.

Powell estimated the lost revenue to the other ambulance services in the county would total more than \$93,000.

Board members did not seem appreciative of Powell's request, but board Chairman Jerry Shelton said the board would take the request under advisement.

A special meeting to further discuss the matter has been called for 7 p.m. Monday in the old Lincoln County courthouse courtroom.

ARTS

From A1

Swett seemed unsure whether he would continue in his position as director even through the end of the day.

"I myself have lost a little bit of enthusiasm because I know that after the festival — we're working so hard to make the festival happen and then where is it going to go?" Swett said. "...That puts a damper on how I feel about staying...I'm not sure when I might be asked to leave — tonight."

Swett told those gathered he wanted them to help decide the future of the arts program and whether planning for the September Art and Music Festival should continue.

The festival attracted an estimated 6,000 people to Stanford's Main Street in 2012 and made a net profit for the city of about \$4,000.

Swett then introduced Miracle, who explained that while he is a big supporter of the three-year-old program, it is a net financial loss and there are members on city council who won't support the program continuing if that can't be fixed.

While Swett said the arts program brought in about \$13,000 more than it spent this year, Miracle pointed out the arts program budget doesn't include the cost of the paid director.

"When you factor in the director's salary and health insurance and retirement benefits, the program is probably going to lose \$16,000-\$18,000 again this year," Miracle said. "With that, it just makes it difficult to justify being able to pay a director again this year."

By eliminating the paid director position after Swett retires at the end of September, Miracle's proposed budget estimates the arts program would become a true net profit of about \$2,300 for the city.

Miracle has offered to take over along with former city clerk Denise Pike as co-volunteer-directors after Swett steps down.

Miracle acknowledged there is substantially less support on city council for the arts program than in past years, and one council member "in particular doesn't like it."

"But we still have support from two or three others and fairly strong (support)," he said. "But depending on the circumstances, one or two can be swayed.

Miracle said eliminating the paid director position

was necessary to protect the arts program from complete elimination at the hands of the council members who don't like it.

"If it is at least carrying its own weight and not losing money every year, I don't know any council member that could justify doing away with the program," Miracle said. "I think we still have enough support — even though it's weakened from where it was — I think we still have enough support on city council to at least carry on that way."

Miracle encouraged attendees at the meeting to embrace the proposed changes and put in the effort to keep the arts program growing.

"That festival last year was, I believe in my heart, probably the best festival that's ever been in downtown. And this year, I'd like to see it even better than last year," he said. "Every time we can pull something like that off to show that it's bigger and better just justifies our position and our point that we do need this program and it does help us pay the bills."

Many in attendance Monday pointed out how arts program events bring thousands of people into Stanford, who then buy things at local businesses and generate economic activity that helps boost the tax revenues brought in by the city.

Miracle agreed with the point, but noted that argument has failed to sway some members of the city council.

"I think you'll find more of them that do understand that a little bit better than some of the others," he said of the city council. "Some of the others, it's just like, put a barricade up around the city limits and block it off."

Attendees at the meeting voted to continue planning for the September festival and begin working out how an entirely-volunteer arts program might function.

Attendees also voted to form a committee looking at ways to create a non-profit "friends of the arts" organization that would assist in securing grant money for arts programs.

Swett closed out the meeting by urging the volunteers to do whatever possible to make the upcoming festival a huge success, including pushing the sale of rubber ducks for the annual duck race.

"Sell the ducks. Sell everything you can," he said. "Make this festival big."

RAPE

From A1

bedrooms.

Middleton said the family living in the home was surprised to find a stranger in their house when they got up.

"They awoke to find him sleeping in the bedroom," he said. "(The family) left the residence and called

police."

Officer Tim Morris was dispatched to the scene and arrested Higgins without incident.

Higgins has been charged with second-degree burglary and theft by unlawful taking.

Middleton said it's possible Higgins robbed and raped the elderly woman before heading down the street and breaking into the second

Kevin Higgins is a primary person of interest in the rape investigation. He has also been charged for a nearby burglary.

house.

Police executed a search warrant on Higgins and used a rape kit to obtain evidence that will be tested

in Frankfort to determine whether Higgins is the rapist or not.

Middleton said he doesn't know how long it might take for the results to come back.

"I'm going to try to request that they expedite it because of her age and the violence involved," he said.

There are other persons of interest police suspect could have committed the rape, Middleton said.

Whoever committed the crimes against the elderly woman will likely face charges of first-degree robbery, first-degree burglary and first-degree rape, Middleton said. Those charges could go up in severity if the woman does not survive, he added.

Higgins was being held in the Lincoln County Regional Jail without bond as of Tuesday evening.

PRESERVE

From A1

It took the hikers about an hour last Thursday to find the unique *Onosmodium hispidissimum* specimen growing in Bouteloua Barrens State Nature Preserve.

Better known as a Hairy False Gromwell, the native Kentucky wildflower is one of about half a dozen protected species that are known to grow on the roughhewn 260 acres that make up the relatively unknown preserve in central Kentucky.

Hidden down a farm access road and across a field, well off the beaten path in northern Lincoln County, Bouteloua Barrens is almost always closed to the public.

It opens on rare occasions for events like guided hikes offered by the Kentucky State Nature Preserve Commission. Last Thursday was just such a rare event.

A group of about 15 people, mainly employees of and commissioners for the SNPC, were led across the preserve by Joyce Bender, Branch Manager for Nature Preserves and Natural Areas for the SNPC.

Though largely overgrown with trees and plagued by invasive species like nodding thistles, the SNPC has worked to reveal quite a bit of the native grassland habitat that is home to plants like side-oats grama grass and Eggleston's violets.

It may take more than a decade, but the SNPC hopes to scale back the forests that have grown up on the former farmland and coax back to dominance the grassland areas, Bender said.

After the commission obtained the preserve lands from two property owners in 2004, it was unclear how many protected native species might be growing in the area.

The land had been used for grazing and the

vegetation at the time didn't show a lot of variety, Bender said.

But as commission employees worked to restore grasslands through processes like prescribed burns, they kept discovering more and more plants worth preserving.

"It's one of those things where the more you work on it, the more stuff you find that you like," Bender told the hikers.

Bouteloua Barrens is the largest known grassland in the Bluegrass area, and one of the largest in the state, according to the SNPC.

For now, because of limited staffing, the SNPC cannot invest the needed resources to fully rehabilitate Bouteloua.

Instead, SNPC staff stick to making small improvements on the land in areas where it can have the most impact.

A prescribed burn was performed in March of this year, successfully burning off thatched grass and killing off trees that had begun to shade an area of grassland, Bender said.

In the recently burned area, some tree skeletons remain, but tall grasses and other plants have already re-emerged, growing nearly waist-high in some places.

While burns are essential to helping preserve the grasslands, the SNPC has to be careful not to overdo it. Grassland insects can be killed by burns, so the commission is careful to rotate where it burns and only burns every few years, Bender said.

Further complications arise from trying to get rid of invasive species that don't belong in the area, because killing them off with herbicides can also harm the native plants that belong there.

"You're constantly thinking and juggling and trying to figure out how to do the most good with the least harm," Bender said.

At top, the blooms on the end of a stem of a hairy false gromwell are seen in the preserve. The plant is a protected wildflower. Above, ecologist Martina Hines examines a rare bush clover plant. Below, the blooms of a green milkweed are seen. Use your KY X-tra app on the photo at top or visit www.theinteriorjournal.com to see more photos from the hike.

Crab Orchard bans semi-truck parking

By Ben Kleppinger

ben@theinteriorjournal.com

CRAB ORCHARD — City commission members voted June 6 to give final approval to an ordinance that bans semi-trucks from parking inside Crab Orchard city limits.

The ordinance, which

passed a first reading in May, prevents "semi-tractor and trailer trucks" from parking "on city streets, sidewalks and or a long side of residents drive ways within the city of Crab Orchard."

Mayor Billy Shelton said the ordinance was passed after city commission members heard complaints about a

particular semi-truck parking near a business, sometimes for days on end.

"It's a hazard," Shelton said. "When (vehicles) go to leave the little dairy mart, going in and going out, people can't see. We've had some complaints about it, so we talked about it."

Shelton said deliveries by

semi-trucks will not be affected by the new ordinance, but trucks left for "48 hours or 2 or 3 days" in the same spot will potentially face an illegal parking fine of \$10.

First offenders might only receive a warning, Shelton added.

"It's nothing that we're looking for money on," he

said. "It's just safety is the biggest concern."

In other business, Crab Orchard Commission members also voted unanimously to give Shelton authority to sign documents and move forward with a plan to use \$35,165 in Safe-Routes-to-School-Project funding for improving sidewalks.

Board may ban tobacco on school grounds

By Ben Kleppinger

ben@theinteriorjournal.com

STANFORD

Lincoln County schools could be completely tobacco-free when students show up in August.

Board of Education members approved the first reading of policy changes June 13 that would prohibit tobacco use on all school-owned property.

The current tobacco policy prohibits smoking "in any building owned or operated by the board," but allows for adults to smoke in designated outdoor areas.

Under the proposed policy, which still needs a second reading to become official, all tobacco use would be prohibited 24/7 on all school board property and during "school-related student trips."

Other policy changes clarify that the 24/7 prohibition applies to anyone renting school property and school visitors.

The anti-tobacco policies were included among 43 policy changes the board held first readings for. Superintendent Karen Hatter laid out the effects of the anti-tobacco policies, but board members did not discuss the policies further.

The board has been lobbied by the Lincoln County Health Department and Lincoln County's Teens Against Tobacco Use group to make school grounds completely tobacco-free.

Other policy changes the board held first readings for include:

- a policy that would eliminate the use of "emergency" leave for things like disasters or court appearances and institutes bereavement leave that can only be used for attending funerals;
- a policy that would require the board to designate a board member to review monthly bills before every meeting; and
- an attendance policy that makes it more difficult to get an excuse from school after a student has used 10 medical excuses.

FAKE

From A1

is suspicious was the feel — it felt very smooth," she said. "When you started looking at it, you could see all kinds of little things."

The business and the church both had to take \$20 hits and turn the counterfeit bills over to law enforcement, Lewis said.

Middleton encouraged area residents who want to avoid winding up with counterfeit money to hold bills up to light and look for watermarks before accepting them.

On newer \$10 and \$20 bills, there is a watermark of the face that is on the bill, he said. The face watermark appears on the right side of the bill.

There are other ways to check the validity of cash as well, including using a marking pen with ink that shows up darker on forged notes, officer Tim Morris said.

Morris said a marking pen for bills is "well worth the investment" and available at many different stores.

Other defects on counterfeit

bills that have been recovered by Stanford police include unevenly trimmed edges and dull-gold denomination numbers on the bottom right corners.

Those gold numbers should be very shiny and bright because of the way authentic bills are printed, Morris said.

Morris recommended businesses that receive a counterfeit bill should not return it to the person who tried to use it. Instead, call police and ask the person to wait for the police to arrive.

"If it's someone legitimate ... they shouldn't mind waiting to talk to police," he said.

Middleton said his department is working on the counterfeiting case with law enforcement in Boyle County, where some counterfeit bills have turned up as well.

"Eventually, we'll catch them," he said. "Sometimes, it just takes a little longer."

Until that happens, Lewis said she's being extra-careful.

"Everywhere I go, I'm checking my money, and I'm telling my clients, 'check your money,'" she said.

Stanford police officer Tim Morris holds up counterfeit bills recovered by police in recent weeks. The fake money looks real at first glance, but forgeries can be detected by checking for watermarks and watching for uneven edges. Morris also recommends using a marking pen with ink designed to turn dark when it's applied to fake bills.

Staying the course: *Butler wins first Profitt title*

FORMER champion Eric King watches in background as Chris Butler hits from the fairway on the 16th hole Sunday in the Homer Profitt Invitational. King was within one stroke of Butler after the hole but the Lindsey Wilson College golfer held on for his first Profitt win. Click on X-TRA app on photo above with smartphone or Ipad to view additional pictures from tournament.

By Nancy Leedy

STANFORD — While many golf enthusiasts sat glued to their televisions over the weekend to watch the drama of the U.S. Open, Chris Butler was putting in a strong performance on the links at the Dix River Golf Club.

Butler, a standout player at Lindsey Wilson College, claimed his first Homer Profitt Invitational title Sunday afternoon by posting a two-stroke win over former champion Eric King of Somerset.

The Hustonville golfer, who finished sixth in the second flight last year in his first Profitt appearance, put together two strong days of play to win this year's title,

'I did my best. I played really good golf the whole time. It was really fun, especially down the stretch.'

Chris Butler on winning Profitt title

shooting a 3-under-par 139 (66-73) for the two-stroke victory.

"I did my best," Butler said. "I played really good golf the whole time. It was really fun, especially down the stretch. Eric King put a lot of pressure on. It came down to the last hole, which was not what I wanted, but that's the way it worked out so I'm really excited about that."

With the win, Butler brought the title back home to Dix River.

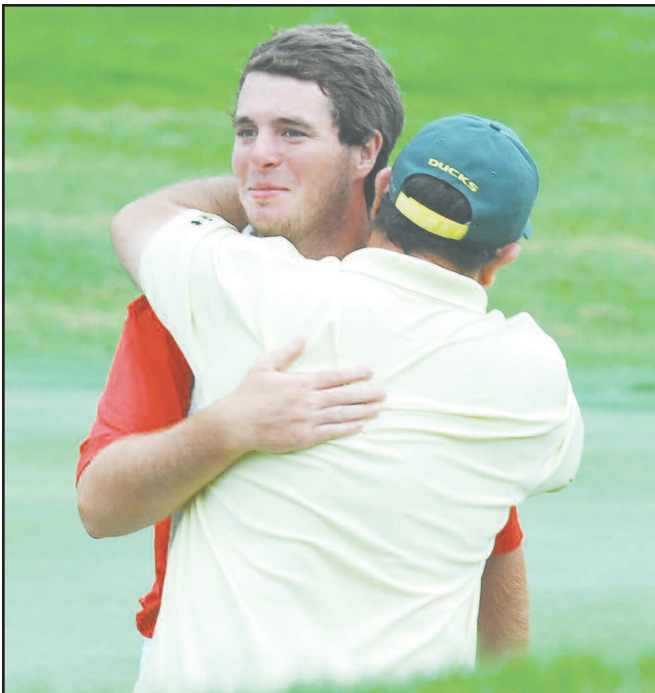

"I know everyone around here wants somebody to represent well, and I'm really glad to win this," Butler said. "This is the one that I really wanted to win."

Butler had a big hug for his dad, Scott Butler, as he left the 18th green, and mom, Krista, got in her congratulations as well.

"It's Father's Day for him and it's Mom's birthday so this is a great gift," Butler said. "I sort of got a Phil Mickelson thing going, it's his birthday and Father's Day."

Butler got the tournament off to a good start, shooting a 5-under par 66 on Saturday for a five-stroke lead over King, defending champion Cory Richmond and Jeremy Wilson. Six-time Homer Profitt winner Marty Anderson of Lexington was six strokes back at 74.

Butler needed every stroke of his lead to hold off King, who was making a charge to make up the five-

Shoot Hoops Not Drugs visit to Stanford draws record crowd

STANFORD — Over 280 area youth attended Operation UNITE'S Shoot Hoops Not Drugs free basketball camp Tuesday at Lincoln County High School.

The camp, the fifth of six free camps being conducted by former University of Kentucky all-star Jeff Sheppard in June, drew a total of 283 hoops hopefuls from Lincoln, Garrard, Boyle, Rockcastle and Pulaski counties.

The camp began at 4 p.m. and concluded around 7. Each of the participants received a free basketball and t-shirt.

Sheppard, a former UK guard (1993–1998) who was named Most Outstanding Player in the NCAA Tournament in San Antonio in 1998 and played on two national championship teams, conducts the Shoot Hoops Not Drugs camps to provide youth an opportunity to interact with positive role models, receive positive anti-drug and self-esteem messages in conjunction with basic basketball skills instruction. While their children are at the camp, parents and/or guardians took in a brief education program on how to talk with your children about drugs and the signs, symptoms and dangers of drugs.

Camps have also been held at Carter, Elliott, Bell and Leslie counties. The final camp will be held today (Thursday) at Breathitt County.

THE LINCOLN COUNTY High School gymnasium was filled from baseline to baseline as 283 area youth turned out for the Shoot Hoops Not Drugs camp Tuesday in Stanford. Above, former UK all-star and professional basketball player Jeff Sheppard tells the campers what will be expected of them during the three-hour session. BUTLER

From B1

stroke difference Sunday afternoon. Butler had a six-stroke lead after the first five holes of play, but a drop in his game over the next three holes opened the door for King, as he double bogeyed then took two straight bogeys.

King countered with a birdie and three pars over the 6th, 7th and 8th holes to pull within one stroke of Butler. But Butler never relinquished the lead, rebounding from the brief drop to put together four straight birdies and reopen a four-stroke lead.

“I hit the ball as well today as I did yesterday, I just made a lot of putts yesterday and didn’t get in trouble,” Butler said. “I kind of got in trouble on 6 through 8 today. I doubled 6, bogeyed 7 and bogeyed 8. At that point, I want to say it was just one stroke between us. Then 9 through 12 I birdied them all and that kind of gave me some breathing room.”

“But then it was right back on. He was right back there by 15 or 16.”

King was back within one stroke after Butler bogeyed No. 13 and No. 16, and he was in position to tie with a birdie on the 17th green. King drove the green while Butler had a touch shot from behind the front bunker, but Butler placed his second shot perfectly on the front side of the green. Butler missed the birdie putt but did par the hole. A short putt by King would have tied the lead, however, the ball rimmed out and King had to settle for a par.

“That was the shot for me (chip),” Butler said. “I kind of had a tough lie over there. I thought King was going to make birdie for sure so I thought this was the only chance to get it close. It was one of those shots you practice but never hope to play, and I hit it well.”

Butler sealed his win on the 18th green, parring out on the hole while King bogeyed.

“I knew Eric King would be tough. He wins every tournament around here and I knew by 13 or 14 he’d be right there. It didn’t matter what I shot today, he would have been right there,” said King.

“It was just a great 36-hole event,” he said. “(Course) didn’t play as tough as last year’s Homer Profitt. The greens weren’t as quick this year, but they rolled just as true. And that’s why everybody loves coming here because the greens are always perfect. There were some tough pins, especially 17. They had a lot of balls roll off the front.”

King finished at 141 for the Homer Profitt Invitational, shooting a 70 on Sunday. Wilson placed third overall with a 142 (71-71) and Anderson was fourth with a 143 (74-69). Jeremy Boyle and Richmond rounded out the top six with both firing a 146 for the tournament. Boyle, who had rounds of 72 and 74, earned

SIX-TIME Homer Profitt champion Marty Anderson, right, talks with golfers Alex Greer, with club, and B.J. Baird on the fairway of No. 16 at Dix River. Baird tried to shield Greer from the rain as Greer lined up his approach to the green.

Photos by Nancy Leedy

fifth on a scorecard tiebreaker and Richmond, who shot a 71 and 75, was sixth.

While pleased with his Profitt win, Butler did voice one regret about his play.

“I have to apologize to anyone that I probably upset when I got a little agitated after my birdie didn’t go in (17),” he said. “I worked with Coach (David) Ledford forever about course management and keeping good composure and I let it slip, and I apologize.”

Awards were presented to the top six golfers in each of the seven flights of the Homer Profitt Invitational Tournament. Those top golfers were:

1st Flight		
Chris Butler	66-73	139

Eric King	71-70	141
Jeremy Wilson	71-71	142
Marty Anderson	74-69	143

Spurlin named Transylvania University Athlete of the Year

Transylvania basketball All-American Ethan Spurlin capped off his college career by receiving one of the

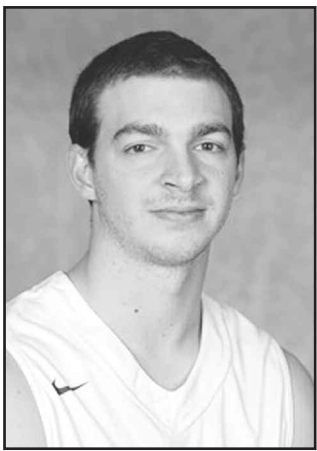

Photo by Joseph Rey
Au/www.transysports.com

school's top athletic awards – Pioneer Male Athlete of the Year.

Spurlin and record-setting swimmer Amanda Skinner were named the 2013 Pioneer Male and Female Athletes of the Year at Transylvania's annual athletics awards ceremony.

Spurlin, a former standout at Lincoln County, was a third-team All-American as a junior when he was also named Heartland Conference Player of the Year. This year, he was again named to the All-HCAC first team and was a member of the All-Region team. He was also

chosen to play in the Division III All-Star game during Final Four weekend. Spurlin, who averaged 16.8 points and 7.7 rebounds as a senior, surpassed the 1,000-point scoring mark during his final year and the Pioneers made the NCAA Tournament twice during his career.

Spurlin is the son of Barry Spurlin of Stanford and Catherine Spurlin of Crab Orchard

Skinner of LaGrange holds two individual school swimming records and five relay marks. She became the first Transy swimmer to earn All-Conference accolades this

year when she won the 400 individual medley and the 200 breaststroke in the Ohio Athletic Conference Championships.

She broke the OAC meet record in the 400 IM. During her senior year, her time in the 400 IM was an NCAA B cut qualifying mark.

Transy's 2012-13 season was highlighted by conference championships in men's soccer, men's golf, volleyball, and women's basketball. Four teams qualified for the NCAA Championships: men's and women's soccer, men's golf, and men's basketball. Women's basketball

player Nicole Coffman was named to the All-American team as a sophomore.

The Pioneers also had two HCAC Coaches of the Year and four conference Players of the Year while 33 student-athletes were named to the Academic All-Conference team. Earning Coach of the Year honors were Brian Lane (men's golf) and Greg Todd (women's basketball) while Coffman was joined on the Player of the Year list by Kyle Smith (men's soccer), Hunter Frazier (men's golf), and Claire Mielcarek (women's tennis).

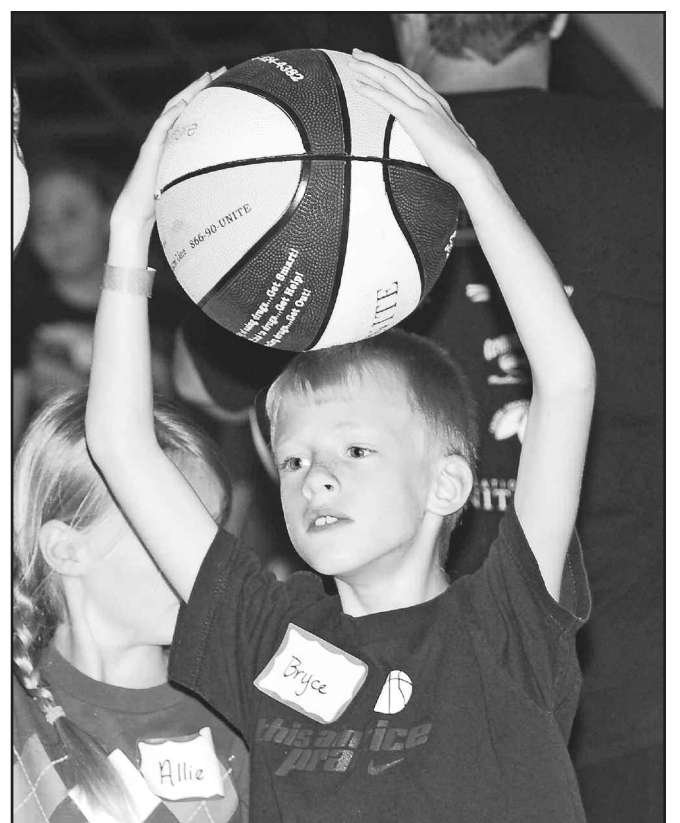

Transy's athletics depart-

ment also finished fourth overall in the HCAC Commissioner's Cup race, trailing only Franklin, Rose-Hulman, and Hanover. The women's teams were third in the All-Sports competition while the men were fifth.

Transy also added three new sports in 2012-13: men's and women's lacrosse and equestrian, while announcing plans to open a new athletics facility on Fourth Street in time for the 2013-14 season. The facility will be home to the men's and women's soccer, field hockey, men's and women's lacrosse, and track and field teams.

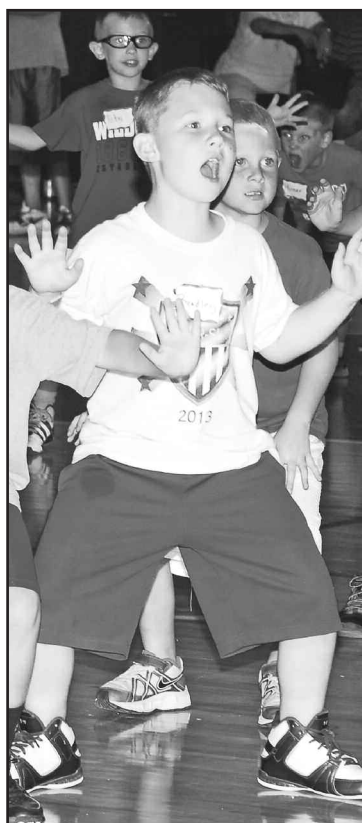

Shoot Hoops Not Drugs

PARTICIPANTS in the Shoot Hoops Not Drugs free camp Tuesday were kept in constant motion as they went through a series of drills and basketball competitions. Clockwise from above: Jeff Sheppard instructs campers on striking a defensive stance; camper Bryce Elkins rests the basketball on the top of his head as he waits for instruction from Jeff Sheppard; a camper demonstrates his defensive stance; there were lots of funny faces on display as Sheppard encouraged the youth to have fun with the sport of basketball; and Abby Lane dribbles the ball during a team race.

FARM FACTS

By Dan Grigson
Lincoln County Extension Office

Producers should pay attention to cows and bulls now

As Kentucky moves into the middle of the beef cattle breeding season, producers should pay attention to cow herd fertility. Cow herd fertility can greatly enhance the profit margins for cow-calf producers.

Cows that likely will make the most money are those that have a calf every year and breed back early in the breeding season. Getting cows bred early in the breeding season is very important in regard to calf profits. Cows bred in early May, calve in February. Calves that come in February will generally be the biggest calves you sell in the fall or early winter. There is a simple reason why that is true. The reason is they are older. If a cow goes through three heat cycles before she gets with calf, that means you get an April calf, which will be a lot smaller at the October weaning than that February calf. A few cows getting bred late can cost you a lot of money. That's why it is important to work on beef herd fertility and breeding program management. Anything producers can do to get a better understanding of their herd's fertility status

will aid in selection for improved fertility traits.

U.K. recommends several steps for producers to follow to improve the breeding management of their cow herds:

- keep breeding records, including dates bred and show of estrus by the cows. Use a pocket notebook or use one of our U.K.-beef calendars to record breeding dates.

- From the breeding records and observed heat periods, calculate the next expected show of heat and watch to see if that cow is back in heat or not. This will help you find out if you have a problem with a bull or the cows or their environment.

- Avoid fat or thin cows by having an adequate feeding program because the breeding season is the period of highest nutritional requirements for cows.

- Let cows have access to your best pastures during breeding season. Pastures with a good deal of clover or alfalfa work the best. Pure fescue pastures are the worst pasture

to get cows bred on. If that is all you have, then make sure those pastures have been clipped so they are more leafy and making fresh blade growth. Some producers feed a little grain two weeks prior to and during the breeding season and have increased cow fertility and early breeding. Feeding three pounds of grain per day has shown a good increase in getting cows bred quickly.

- Provide plenty of shade and fresh water to cows and bulls during the breeding season. Usually this time corresponds to some of our hottest weather, and under heat stress fertility will suffer. Getting cows bred under heat stress is tough. Anything you can do to relieve heat stress helps.

- Fertility can be improved in the cow herd through the selection of bulls with high fertility potential.

- Do not overuse bulls. Recommended ratios: one yearling bull up to 15 cows; one mature bull up to 30 cows.

Modern Woodmen members plant trees in community

On Monday, June 3, local Modern Woodmen of America members gave a lasting gift to the community.

Members of the Stanford Modern Woodmen #12490 gathered at William Whitley House to plant sugar maple trees.

The project was part of the Plant A Tree Program, a nationwide program introduced by Modern Woodmen for its members in 2004. "This program allows Modern Woodmen members to give the community a lasting gift," says Dean Speaks, leader of the local Modern Woodmen Chapter. This keeps the park green and beautiful.

"The name Modern Woodmen honors the pioneer woodmen who cleared the forests to build homes and secure futures for their families. Modern Woodmen offers financial services to help clear away members' financial burdens. And planting trees is an important way to create a secure future for families, communities and the environment," Speaks says.

Through the Plant A Tree

Program and the help of its members, Modern Woodmen has planted thousands of trees across the United States. For more information, contact Speaks at (606) 365-2812.

Coordinated by local Modern Woodmen members, chapters provide opportunities to connect through social activities and volunteer proj-

ects. youth service clubs provide young Modern Woodmen members with opportunities to volunteer, be patriotic, learn new skills, make friends and have fun.

For more information, about the local chapter or club and how you can get involved, contact Dean Speaks at (606) 365-2812.

COMMISSIONER'S SALE COMMONWEALTH OF KENTUCKY 28TH JUDICIAL DISTRICT LINCOLN CIRCUIT COURT DIVISION NO. 1 CIVIL ACTION NO. 12-CI-00199

JPMORGAN CHASE BANK, NATIONAL ASSOCIATION

PLAINTIFF

vs.

NOTICE OF SALE

TIMOTHY A. DAY, JR.

DEFENDANT

**FRIDAY, JUNE 28, 2013, AT 10:00 A.M.
FRONT DOOR, LINCOLN COUNTY COURTHOUSE**

Pursuant to a Judgment and Order of Sale of the Lincoln Circuit Court entered December 14, 2012, in the above-styled civil action, the undersigned Master Commissioner will sell the following real property located at 1414 Skyline Drive, Stanford, Lincoln County, Kentucky, at the front door, Lincoln County Courthouse, on **Friday, June 28, 2013**, at the hour of 10:00 a.m., or as soon thereafter as said property can be sold, said property being more particularly described as follows:

Being Lot No. 7 in Lookout Heights Subdivision on Skyline Drive in Lincoln County, Kentucky, as shown by Plat of said subdivision recorded in Plat Book #2 at Page 45, in the office of the Lincoln County Court Clerk. This lot has a frontage of 80 feet on Skyline Drive and is also 80 feet wide on the back side, and is 150 feet in depth.

This being the same property acquired by Timothy A. Day, Jr., a single person, by deed from John Richard Clausen, Sr., a single person, dated November 3, 2006, of record in Deed Book 367, Page 197, Lincoln County Court Clerk's Office.

The above described real property will be sold and conveyed subject to such valid and existing easements, restrictions, reservations, conditions, covenants and limitations apparent or of record in the chain of title.

The sale of the above real property will be made on a credit of thirty (30) days time with the privilege extended to the purchaser of paying the entire purchase price, or any part in excess of ten percent (10%) thereof, in cash at the time of the sale. If the sale be made on credit, the purchaser shall pay to the Master Commissioner immediately at the time of the sale ten percent (10%) of the total sale price and execute bond for the balance due in thirty (30) days, bearing interest at the rate of twelve percent (12%) per annum from the date of sale until paid, with a good and sufficient surety thereon; and the bond shall be secured by a lien upon said property sold which shall have the full force and effect of a judgment. The purchaser may pay the purchase price money due on the bond with accrued interest at any time before maturity.

The real property described herein is to be sold at the time and place stated; and shall be sold free and clear of all liens, indebtedness, interests and claims of the parties hereto, subject to any and all applicable statutory rights of redemption.

All delinquent ad valorem taxes, if any, interest and penalties will be paid out of the proceeds of said sale. The purchaser will be responsible for payment of the 2013 ad valorem taxes.

Possession of the real property will be given to the purchaser with the delivery of the deed of conveyance thereto. The purchaser will be responsible for all risks of loss to the premises upon acceptance of their bid at the time of sale.

The purpose of this sale is to satisfy the judgment of the Lincoln Circuit Court in the above-styled action in favor of Plaintiff in the sum of \$55,463.09 plus interest, advances for the protection of the property, costs and attorney fees as authorized and provided in said Judgment.

For further information concerning the above sale contact: Hon. John R. Cummins, Attorney for Plaintiff, Manley Deas Kochalski LLC, P.O. Box 42728, Cincinnati, OH 45242-0728, Tel. #614-222-4921.

Summer archery checklist

June is the halfway point on the calendar and is highlighted by the longest day of the year: the official start of summer on Friday, June 21 this year.

For Kentucky's 90,000 plus archery deer hunters, the Summer Solstice seems to trigger another seasonal phenomenon - the need to get ready for the upcoming hunting season.

Kentucky's 136-day archery deer season opens in late summer, this year 15 days before the first day of fall. The season dates are Sept. 7, 2013 through Jan. 20, 2014.

For avid archery hunters, it's never too early to think deer. Late June is a good time to get organized by checking out equipment and adding new accessories. Start practicing, even if it's been months since the last hunt of last season.

For archers who don't shoot year-round, here's a checklist to study in preparation for the upcoming season.

Take your hunting bow to a trusted technician now and have it checked out, top to bottom, especially the bow string.

"Most people wait until it's too late," said Tommy Downey, owner of 4-D Archery in Henry County. "The string may look okay, but it may be weakened under the center serving (where the arrow nock is attached)."

Downey said bow strings can also stretch over time and hundreds of shots. "That gets the bow out of tune, so that it shoots erratically and inconsistently."

If you plan to change vital equipment, don't wait, do it now.

"For most people it takes about a month to adjust to a new arrow rest or bow sight," said Downey. "It takes longer

than you would think to sight in your bow when there's been a change in equipment."

Inspect arrows carefully. Make sure they are straight and free of cracks. Replace damaged fletching or nocks and be certain that the weight of your field points (practice points) are the same weight as your hunting broadheads. Set aside one broadhead for practice. As opening day of archery deer season approaches, sight in your bow with your practice broadhead.

When you start practicing, take it slow. "Don't shoot too many arrows at first," said Downey. "Ease into it."

Older archers might consider turning down the poundage or the draw weight of their compound bows and just shoot a few arrows a day, to build muscles back up.

Sloppy practice is bad practice, even in the beginning. Concentrate. Get back into the rhythm of archery.

Brock chosen as Rogers Scholar

Nate Brock has been named a 2013 Rogers Scholar and will be eligible to receive exclusive scholarship opportunities from 18 colleges and universities.

Brock, a student at Lincoln County High School, was selected by The Center for Rural Development to build his leadership and entrepreneurial skills as one of the region's next generation of leaders and entrepreneurs at this summer's Rogers Scholars program.

Rogers Scholars, an intensive one-week summer youth leadership program, brings together rising high school students from across Southern and Eastern Kentucky for a one-of-a-kind experience that past participants often describe as "life changing."

"The Center believes in giving young people in our region a chance to receive leadership and entrepreneurship training, as well as scholarship opportunities so they can seize their potential to become effective, skilled leaders," Lonnie Lawson, President and CEO of The Center, said. "It is our goal that most of these students will return to Southern and Eastern Kentucky to build their careers and transform this region for years to come."

Rogers Scholars – The Center's flagship youth program – was built on a mission started by U.S. Congressman Harold "Hal" Rogers (KY-05) that "no young person should have to leave home to find his or her future."

Now in its 16th year, the Rogers Scholars program is planned, coordinated, and supervised entirely by The Center and its staff. Many activities take place on the grounds of The Center in Somerset, Lindsey Wilson College and other sites in the Lake Cumberland region.

"The program emphasizes the development of technological skills and builds in participants a sense of leadership, an entrepreneurial spirit, and a commitment to rural Kentucky," Delaney Stephens, Youth Programs Coordinator and Community Liaison for The Center, said.

"We are looking forward to meeting the 2013 Class of Rogers Scholars and working with each participant to develop his or her leadership skills," Stephens added.

The first group of Scholars will attend June 23-28 for the opening week session. The final summer session is planned for July 7-12. A total of 64 students will participate in this year's program.

During the program, Scholars get to meet and hear presentations from some of the region's top business leaders and entrepreneurs; complete a community service project; and receive professional, hands-on instruction from leading experts in one of three top in-demand careers: healthcare, engineering and video production.

Students apply for the Rogers Scholars program during their sophomore year and attend the summer prior to the start of their junior year.

Since 1998, 872 high school students have graduated from Rogers Scholars. College scholarships valued at more than \$7.5 million are available to program graduates.

The program, which is supported solely through financial contributions, fundraising events, and program sponsors, is provided free of charge to participants and their families.

Brock is the son of Andrew and Donita Brock.

COMMISSIONER'S SALE
COMMONWEALTH OF KENTUCKY
28TH JUDICIAL DISTRICT
LINCOLN CIRCUIT COURT
DIVISION NO. II
CIVIL ACTION NO. 12-CI-00345

HSBC MORTGAGE SERVICES, INC.

PLAINTIFF

vs.

NOTICE OF SALE

BEVERLY J. JOHNSON

DEFENDANT

FRIDAY, JUNE 28, 2013, AT 10:00 A.M.
FRONT DOOR, LINCOLN COUNTY COURTHOUSE

Pursuant to a Judgment and Order of Sale of the Lincoln Circuit Court entered December 18, 2012, in the above-styled civil action, the undersigned Master Commissioner will sell the following real property located at 75 W. Tick Ridge Road, Waynesburg, Lincoln County, Kentucky, at the front door, Lincoln County Courthouse, on **Friday, June 28, 2013**, at the hour of 10:00 a.m., or as soon thereafter as said property can be sold, said property being more particularly described as follows:

BEGINNING at the intersecting west right of way line of U.S. 27 (90 west of center line) and the south right of way line of Tick Ridge Road; thence with the south right of way line (45' south of center line) of Tick Ridge Road N 55° 05' W 65.00 feet to a point, N 78° 16' W 65.00 feet to a concrete right of way marker (45' South of Center line); thence right of way line off set N 01° 54' W 5.00 feet to a concrete right of way marker (40' South of center line of Tick Ridge Road); thence, continuing with south right of way of Tick Ridge Road S 89° 34' W 119.20 feet to a concrete right of way marker and being a corner to Russell Brown; thence with Russell Brown S 43° 35' E 221.90 feet to an iron pin the west right of way line of U.S. highway 27; thence with west right of way line of U.S. 27 N 38° 07' E 135.00 feet to the point of beginning, containing 0.427 acres, more or less. This survey was performed by Charles Thomas in February, 1989.

This being the same property acquired by Larry G. Johnson and Beverly J. Johnson, his wife, by deed from Austin Mobley Et Ux dated June 27, 1995, of record in Deed Book 267, Page 385, Lincoln County Court Clerk's Office. Thereafter, Larry G. Johnson, a single person, conveyed all of his right, title and interest in and to the subject property to Beverly J. Johnson by Quitclaim Deed dated February 3, 2005, of record in Deed Book 351, Page 293, Lincoln County Court Clerk's Office.

The above described real property will be sold and conveyed subject to such valid and existing easements, restrictions, reservations, conditions, covenants and limitations apparent or of record in the chain of title.

The sale of the above real property will be made on a credit of thirty (30) days time with the privilege extended to the purchaser of paying the entire purchase price, or any part in excess of ten percent (10%) thereof, in cash at the time of the sale. If the sale be made on credit, the purchaser shall pay to the Master Commissioner immediately at the time of the sale ten percent (10%) of the total sale price and execute bond for the balance due in thirty (30) days, bearing interest at the rate of twelve percent (12%) per annum from the date of sale until paid, with a good and sufficient surety thereon; and the bond shall be secured by a lien upon said property sold which shall have the full force and effect of a judgment. The purchaser may pay the purchase price money due on the bond with accrued interest at any time before maturity.

The real property described herein is to be sold at the time and place stated; and shall be sold free and clear of all liens, indebtedness, interests and claims of the parties hereto, subject to any and all applicable statutory rights of redemption.

All delinquent ad valorem taxes, if any, interest and penalties will be paid out of the proceeds of said sale. The purchaser will be responsible for payment of the 2013 ad valorem taxes.

Possession of the real property will be given to the purchaser with the delivery of the deed of conveyance thereto. The purchaser will be responsible for all risks of loss to the premises upon acceptance of their bid at the time of sale.

The purpose of this sale is to satisfy the judgment of the Lincoln Circuit Court in the above-styled action in favor of Plaintiff in the sum of \$95,679.80 plus interest, advances for the protection of the property, costs and attorney fees as authorized and provided in said Judgment.

For further information concerning the above sale contact: Hon. Mark D. Rucker, Attorney for Plaintiff, Clunk, Paisley & Associates, PSC, 130 N. Hamilton Street, Suite 101B, Georgetown, KY 40324, Tel. #502-867-6758.

AARON TROYER ET AL

DEFENDANTS

FRIDAY, JUNE 28 2013, AT 10:00 A.M.
FRONT DOOR, LINCOLN COUNTY COURTHOUSE

Pursuant to a Judgment and Order of Sale of the Lincoln Circuit Court entered November 9, 2012, and the Order Amending the Judgment and Order of Sale entered May 1, 2013, in the above-styled civil action, the undersigned Master Commissioner will sell the following real property located in Lincoln County, Kentucky, at the front door, Lincoln County Courthouse, on **Friday, June 28, 2013**, at the hour of 10:00 a.m., or as soon thereafter as said property can be sold, said property being more particularly described as follows:

BEGINNING at a point in the right of way of the Chappel's Gap-Crab Orchard Road in a branch, corner to Ollie Harris, a widow;; thence up the branch with Mrs. Harris' line South 37 degrees 40 minutes East 101.2 feet to a stake, corner to Mrs. Harris; thence still with branch South 20 degrees 12 minutes East 49.0 feet to a stake; thence with branch and Mrs. Harris South 44 degrees 59 minutes East 125.5 feet to a stake, South 77 degrees 41 minutes East 147.1 feet to an oak tree, corner to Mrs. Harris; thence still with her line South 28 degrees 00 minutes West 713.0 feet to a point in fence corner and on the north side of old road, corner to Mrs. Ollie Harris and in the Shelton line; thence with the Shelton line North 69 degrees 21 minutes West 265.4 feet to a black oak in fence line corner to Shelton; thence North 49 degrees 08 minutes West 157.8 feet to a buckeye, corner to Shelton; thence North 62 degrees 18 minutes West 62.2 feet and crossing creek to a stake on the west bank; thence with Shelton North 69 degrees 22 minutes West 30.3 feet to the right of way of the Chapel's Gap-Crab Orchard Road and corner to Shelton; thence with the said road North 30 degrees 36 minutes East 227.0 feet; thence North 31 degrees 38 minutes East 263.3 feet; thence North 34 degrees 58 minutes East 115.0 feet; thence continuing with road North 42 degrees 57 minutes East 156.8 feet to the point of beginning and containing 7.89 acres, more or less, by survey and D.M.D. made by S.K. Singleton on September 5, 1961.

THERE IS EXCEPTED, HOWEVER, AND NOT INCLUDED HEREIN, approximately 1.4 acres (should be 1.04 acres) heretofore conveyed to James Severance by Joe Edwards Howard and wife (should be to James Severance Et Ux by Joe Edward Howard Et Ux Et Al) by Deed dated October 25, 1971, (should be June 22, 1971) and of record in Deed Book 169, page 170, (should be Deed Book 168, page 612), Lincoln County Court Clerk's Office.

This being the same property acquired by Aaron Troyer, a single person, by deed from Donald E. Wright Et Ux dated October 16, 2001, of record in Deed Book 319, Page 587, Lincoln County Court Clerk's Office.

Included with the above-described property and to be sold and conveyed with same is a 1989 Fleetwood Doublewide mobile home, Serial #TNFLK27AB01908SR.

The above described real property will be sold and conveyed subject to such valid and existing easements, restrictions, reservations, conditions, covenants and limitations apparent or of record in the chain of title.

The sale of the above real property will be made on a credit of thirty (30) days time with the privilege extended to the purchaser of paying the entire purchase price, or any part in excess of ten percent (10%) thereof, in cash at the time of the sale. If the sale be made on credit, the purchaser shall pay to the Master Commissioner immediately at the time of the sale ten percent (10%) of the total sale price and execute bond for the balance due in thirty (30) days, bearing interest at the rate of twelve percent (12%) per annum from the date of sale until paid, with a good and sufficient surety thereon; and the bond shall be secured by a lien upon said property sold which shall have the full force and effect of a judgment. The purchaser may pay the purchase price money due on the bond with accrued interest at any time before maturity.

The real property described herein is to be sold at the time and place stated; and shall be sold free and clear of all liens, indebtedness, interests and claims of the parties hereto, subject to any and all applicable statutory rights of redemption, including the Right of Redemption granted to the United States of America pursuant to 28 U.S.C. Sec. 2410.

All delinquent ad valorem taxes, if any, interest and penalties will be paid out of the proceeds of said sale. The purchaser will be responsible for payment of the 2013 ad valorem taxes.

Possession of the real property will be given to the purchaser with the delivery of the deed of conveyance thereto. The purchaser will be responsible for all risks of loss to the premises upon acceptance of their bid at the time of sale.

The purpose of this sale is to satisfy the judgment of the Lincoln Circuit Court in the above-styled action in favor of Plaintiff in the sum of \$35,864.35 plus interest, advances for the protection of the property, costs and attorney fees as authorized and provided in said Judgment.

For further information concerning the above sale contact: Hon. Stephanie L. McGehee-Shacklette, Attorney for Plaintiff, Harned Bachert & McGehee PSC, P.O. Box 1270, Bowling Green, KY 42102-1270, Tel. #270-782-3938.

NOTICE OF SALE

WILMA SLONE ET AL

DEFENDANTS

FRIDAY, JUNE 28, 2013, AT 10:00 A.M.
FRONT DOOR, LINCOLN COUNTY COURTHOUSE

Pursuant to a Judgment and Order of Sale of the Lincoln Circuit Court entered December 19, 2012, in the above-styled civil action, the undersigned Master Commissioner will sell the following real property located at 1580 Ky. Highway 698, Stanford, Lincoln County, Kentucky, at the front door, Lincoln County Courthouse, on **Friday, June 28, 2013**, at the hour of 10:00 a.m., or as soon thereafter as said property can be sold, said property being more particularly described as follows:

BEGINNING at an iron pin in the south right of way line of the City Dump Road and Mason's Gap Road; thence S 67° 32' West 137.50 feet to an iron pin; thence N 60° 23' 24" West 237.27 feet to an iron pin; thence N 41° 48' 30" East 137.50 feet to an iron pin; thence S 64° 51' 39" East 24.52 feet to a point; thence S 43° 24' E 131.0 feet to a point; thence S 52° 25' E 64-1/2 feet to an iron pin, which is the point of beginning containing 0.87 acres, more or less.

This being the same property acquired by Wilma Slone, a single person, by deed from David Pike Et Ux dated July 6, 2006, of record in Deed Book 364, Page 404, Lincoln County Court Clerk's Office.

The above described real property will be sold and conveyed subject to such valid and existing easements, restrictions, reservations, conditions, covenants and limitations apparent or of record in the chain of title.

The sale of the above real property will be made on a credit of thirty (30) days time with the privilege extended to the purchaser of paying the entire purchase price, or any part in excess of ten percent (10%) thereof, in cash at the time of the sale. If the sale be made on credit, the purchaser shall pay to the Master Commissioner immediately at the time of the sale ten percent (10%) of the total sale price and execute bond for the balance due in thirty (30) days, bearing interest at the rate of twelve percent (12%) per annum from the date of sale until paid, with a good and sufficient surety thereon; and the bond shall be secured by a lien upon said property sold which shall have the full force and effect of a judgment. The purchaser may pay the purchase price money due on the bond with accrued interest at any time before maturity.

The real property described herein is to be sold at the time and place stated; and shall be sold free and clear of all liens, indebtedness, interests and claims of the parties hereto, subject to any and all applicable statutory rights of redemption.

All delinquent ad valorem taxes, if any, interest and penalties will be paid out of the proceeds of said sale. The purchaser will be responsible for payment of the 2013 ad valorem taxes.

Possession of the real property will be given to the purchaser with the delivery of the deed of conveyance thereto. The purchaser will be responsible for all risks of loss to the premises upon acceptance of their bid at the time of sale.

The purpose of this sale is to satisfy the judgment of the Lincoln Circuit Court in the above-styled action in favor of Plaintiff in the sum of \$101,775.98 plus interest, advances for the protection of the property, costs and attorney fees as authorized and provided in said Judgment.

For further information concerning the above sale contact: Hon. Mark D. Rucker, Attorney for Plaintiff, Clunk, Paisley & Associates, PSC, 130 N. Hamilton Street, Suite 101B, Georgetown, KY 40324, Tel. #502-867-6758.

NOTICE OF SALE

GREGORY B. FINDLING ET AL

DEFENDANTS

FRIDAY, JUNE 28, 2013, AT 10:00 A.M.
FRONT DOOR, LINCOLN COUNTY COURTHOUSE

Pursuant to a Judgment and Order of Sale of the Lincoln Circuit Court entered December 14, 2012, in the above-styled civil action, the undersigned Master Commissioner will sell the following real property located at 605 East Main Street, Stanford, Lincoln County, Kentucky, at the front door, Lincoln County Courthouse, on **Friday, June 28, 2013**, at the hour of 10:00 a.m., or as soon thereafter as said property can be sold, said property being more particularly described as follows:

Located in the City of Stanford, Lincoln County, Kentucky, on the South side of East Main Street, and being more particularly described as follows:

BEGINNING in the center of Main Street and corner to J.C. Eubanks (now E.R. Coleman-Elsie Matheny); thence with his line S 14 1/4 E 528 feet to corner of same in Coleman's line; thence with his line S 36 3/4 W 84 feet to a stake at corner of James McCormack; thence with line of same N 14 1/4 W 528 feet to center of said Main Street; thence with same N 76 3/4 E 84 feet to the beginning and containing about one acre of land, more or less.

This being the same property acquired by Gregory B. Findling and Linda M. Findling, his wife, by deed from Robert Gaines, a single person, dated March 29, 1996, of record in Deed Book 272, Page 552, Lincoln County Court Clerk's Office.

The above described real property will be sold and conveyed subject to such valid and existing easements, restrictions, reservations, conditions, covenants and limitations apparent or of record in the chain of title.

The sale of the above real property will be made on a credit of thirty (30) days time with the privilege extended to the purchaser of paying the entire purchase price, or any part in excess of ten percent (10%) thereof, in cash at the time of the sale. If the sale be made on credit, the purchaser shall pay to the Master Commissioner immediately at the time of the sale ten percent (10%) of the total sale price and execute bond for the balance due in thirty (30) days, bearing interest at the rate of twelve percent (12%) per annum from the date of sale until paid, with a good and sufficient surety thereon; and the bond shall be secured by a lien upon said property sold which shall have the full force and effect of a judgment. The purchaser may pay the purchase price money due on the bond with accrued interest at any time before maturity.

The real property described herein is to be sold at the time and place stated; and shall be sold free and clear of all liens, indebtedness, interests and claims of the parties hereto, subject to any and all applicable statutory rights of redemption.

All delinquent ad valorem taxes, if any, interest and penalties will be paid out of the proceeds of said sale. The purchaser will be responsible for payment of the 2013 ad valorem taxes.

Possession of the real property will be given to the purchaser with the delivery of the deed of conveyance thereto. The purchaser will be responsible for all risks of loss to the premises upon acceptance of their bid at the time of sale.

The purpose of this sale is to satisfy the judgment of the Lincoln Circuit Court in the above-styled action in favor of Plaintiff in the sum of \$71,847.42 plus interest, advances for the protection of the property, costs and attorney fees as authorized and provided in said Judgment.

For further information concerning the above sale contact: Hon. Mark D. Rucker, Attorney for Plaintiff, Clunk, Paisley & Associates, PSC, 130 N. Hamilton Street, Suite 101B, Georgetown, KY 40324, Tel. #502-867-6758.

Howard lands prestigious internship

Somerset Community College graduate Kelly Howard didn't think his path would lead him back home and into college when he quit school in 1991, obtained his GED and joined the United States Army. Now, Howard is headed toward his bachelor's degree and recently landed a high profile internship at Bechtel Corporation, one of the world's largest engineering, construction and project management companies.

Howard, now 38, was born and raised in Lincoln County. He joined the army after getting his GED and served in Texas, South Korea, Georgia and Alaska and was deployed to Bosnia and Kuwait. In 2002, Howard was medically discharged from the US Army after sustaining a knee injury. From 2002 until 2010, Howard worked as a civilian contractor for the US Army. He completed three years in Iraq as a civilian contractor building base camps in support of the US

Army through Kellogg Brown & Root (KBR). He then took a job with American International Security Corporation (AISC), and did an 18-month tour in Afghanistan. While there, Howard and the rest of his eight-man special logistics team helped train members of the Afghan Commando's on how to live and survive while members of the U.S. Army Special Forces taught them how to fight and win.

In 2010, Howard knew that the intensive labor jobs he had held in the past wouldn't sustain him or his family for the rest of his life. He enrolled full-time at Somerset Community College and began his journey toward reaching his academic goals.

"I wanted to be able to provide for my family," said Howard. "I visited SCC and knew it was small enough that I wouldn't feel lost. The classes provided me the flexibility to work since I could do most of my class work

online. Then, I met the instructors and everyone was just so nice."

In May 2013, Howard graduated with his AAS with honors in Information Technology. This fall, he will finish his Associate in Science degree. He is currently enrolled at Western Kentucky University, where he is taking all of his classes online and will obtain his Bachelor of Science degree in Computer Information Technology in only 18 months.

In the meantime, though, Howard landed a prestigious internship with Bechtel Corporation, a company that describes itself as "the most respected engineering, procurement and construction company in the world," according to their website. The company was also named the top U.S. Contractor for the 14th straight year. Howard will be working at the chemical weapons neutralization project at the Bluegrass Army Depot in Richmond. His duties will include setup, installation and maintaining the network of computers and devices required for such a massive project.

"I knew of Bechtel because I had worked alongside their employees when I was in Iraq," said Howard. "I knew they were a large, outstanding organization and I was thrilled to get the opportunity to be an intern with them this summer."

Howard's internship is a paid position and he hopes a full-time position may arise at the end of the internship.

Howard and his wife Julie currently reside in the Ottenheim area of Lincoln County. They have six children, Danielle and Devin

Howard, Brian Morrison and Michael, Mitchell and Joel McClure. Both Michael and Mitchell are also students at Somerset Community College.

"I've received nothing but love, support and admiration from my family for going back to school," Howard said. "I was worried about the financial difficulty I

would put my family through while attending school, but I was able to find suitable work and to get assistance from the VA."

"I'm very excited about what I've accomplished and am proud to be able to set an example for my children," Howard said. "I tell them, if I get good grades, you can too. I try to lead from the front,

set a good example and show them that the fruits of your labor really do pay off."

Howard is a member of the American Legion Stanford Post 345, a member of Watts Chapel Baptist Church, a member of Phi Theta Kappa honor society and was awarded the 2012 Rising IT star award from SCC.

Kelly Howard

GOVERNMENT FORECLOSURE SALE

MONDAY, JULY 29, 2013 1:00 P.M.
ON-SITE OF HOUSE AND LOT
13825 HWY. 27 SOUTH, WAYNESBURG, KY 40489

This is a nice three bedroom brick veneer home on city water. It is well located in a quiet neighborhood. It consists of a living room, kitchen, three bedrooms, one bath, and full basement. This property is considered suitable for the Rural Development, Housing Program. This would be an excellent buy for an investor interested in rental property or for resale after minor repairs.

An open house will be held on Wednesday July 24, 2013, 12:00 – 1:00 PM.

The minimum acceptable bid for this property is \$25,460.

Payment of the current year's property taxes are the responsibility of the purchaser.

Clear title to this property is not warranted. The U.S. Marshal's Deed is not a general warranty deed. Buyers are advised to have the property's title examined. Written notification regarding encumbrances on the property must be made to the London Rural Development Office within 30 days.

LEGAL NOTICE

Notice is hereby given that on Monday July 29, 2013 at 1:00 PM, at 13825 Hwy. 27 S., Waynesburg, Kentucky, in order to raise the principal sum of \$51,956.83, together with interest thereon at the contract rate in the amount of \$2,128.10, as of March 08, 2012, plus total subsidy granted in the amount of \$23,952.62, late fees of \$34.60, and with fees assessed of \$350.78, for a total unpaid balance due of \$78,422.93, and interest thereafter on the principal at the rate of \$9.3146 per day from March 08, 2012, until the date of entry of the Judgment, plus interest on the Judgment amount, (principal plus the shared appreciation recapture plus interest to the date of entry of this Judgment) at the rate of 0.17% computed daily and compounded annually, until paid in full and for the costs of this action and the sales, pursuant to Judgment and Order of Sale, being Civil Action No. 5:12-cv-00125-KSF on the Lexington Docket of the United States District Court for the Eastern District of Kentucky, entered on September 10, 2012, in the case of United States of America vs. William G. Harris, et al, the following described property will be sold to the highest and best bidder:
13825 Hwy. 27 S., Waynesburg, Ky. 40489. Being all the same property conveyed by deed dated March 22, 1994, And recorded in Deed Book 259, at Page 417, Lincoln County Clerk's Office.

TERMS OF SALE: Ten percent (10%) of the bid price (in the form of a Cashier's Check made payable to the U.S. Marshal) on the day of the sale with good and sufficient bond for the balance, bearing interest at the rate of 0.17% per annum until paid, due and payable in 60 days and said bond having the effect of a Judgment. Upon a default by the Purchaser, the deposit shall be forfeited and retained by the U.S. Marshal as a part of the Proceeds of the sale, and the property shall again be offered for sale subject to confirmation by the Court.

This sale shall be in bar and foreclosure of all right, title, interest, estate claim, demand or equity of redemption of the defendants and of all persons claiming by, through, under or against them, provided the purchase price is equal to two-thirds of the appraised value. If the purchase price is not equal to two-thirds of the appraised value, the Deed shall contain in a lien in favor of the defendants reflecting the right of the defendants to redeem during the period provided by law (KRS 426.530). Under law, the purchaser is deemed to be on notice of all matters affecting the property of record in the local County Clerk's Office.

Inquiries should be directed to: Barry R. Turner, RURAL DEVELOPMENT AREA OFFICE
London, Kentucky
Telephone: 606/864-2172

ONLINE ONLY

Auction

OF MR. & MRS. FRED ROSSETTI'S HOUSE,
TWO DETACHED GARAGE BUILDINGS,
+ 1.026 ACRES & CUB CADET TRACTOR

Bidding Ends Thursday, June 27th @ 2:00P.M.

7545 KY Hwy 2141, Hustonville, KY

Bid NOW at www.fordbrothersinc.com

Mr. & Mrs. Rossetti have purchased a new home, therefore they have authorized our firm to offer this property at Online Only Auction. The pictured house is an aluminum sided, 1 1/2, story home containing approximately 1,500 sq. ft. of living space and it features an eat-in kitchen, bedroom, living room, den and 1 1/2, baths on the first floor and 2 bedrooms upstairs. Other amenities include: gas heat pump, central air, gas log fireplace, alarm system, tilt windows, septic system, city water, Samsung washer, Whirlpool dryer, Whirl pool refrigerator w/ ice maker, Maytag flat top range, piano, bedroom suite, carpet, vinyl & hardwood flooring, window treatments, front porch, 10 x 14 rear deck, dry earth basement, KU electric, 24 x 30 two car detached garage and a three car 28 x 32 detached garage building, all situated on 1.026 acres by survey.

Also selling online only is a 1965 International Cub Cadet Tractor

Model 100 (restored approx. 5 years ago) w/ mowing deck, plow, wheel weights & chains will be offered separately from the real estate.

Terms: Real Estate: 20% down within 48 hours of completion of online auction and balance due in 30 days. Tractor: Balance due in full at completion of online auction.

Note: A 10% Buyer's Premium will be added to the final bid to determine the final purchase price.

Note: Open house will be held Thursday, June 13th from 4:00 - 6:00 p.m., Thursday, June 20th from 4:00 - 6:00 p.m. & Thursday, June 27th from 12:00 - 2:00 p.m. Bidding Ends Thursday, June 27th @ 2:00P.M.

Note: The purchaser of a single-family residence built before 1978 has a maximum of 10 days to inspect the property for the presence of lead-based paint. The period for inspection begins June 17th through June 26th. The successful bidder must sign a waiver of the 10-day post sale inspection period.

Auctioneer's Note: If you're looking for a beautiful home with approximately 1,500 sq. ft. of living space and over 1,600 sq. ft. of garage space or simply an investment opportunity, then be sure to mark your calendar to attend an open house and bid, bid, bid at this Online Only Auction!

Announcements the day of sale take precedence over printed matter.

Enjoy a Safe Summer

Inter-County Energy would like to remind you to always put safety first when enjoying summer fun in the pool. Keep these safety tips in mind:

- Do not put any electrical appliances within five feet of a swimming pool.
- Any electrical outlets within twenty feet of a pool should be equipped with a GCFI, or Ground Fault Circuit Interrupter.
- Use battery operated, rather than electrical appliances near swimming pools.
- As always, never swim during a thunderstorm.

Remember to contact Inter-County Energy for information on line clearances when installing a new swimming pool. Visit our web site at www.intercountyenergy.net for more electrical safety tips.

Sometimes,
victory is
just getting
back in the
game.

No other hospital in the region has been recognized more for orthopedic excellence than Ephraim McDowell Regional Medical Center. In fact, we’re the only hospital in the state to hold the Kentucky Hospital Association’s top quality award and four Gold Seals of Excellence from The Joint Commission for total knee and hip replacement, spinal fusion and laminectomy. So don’t live life on the sidelines. Trust your orthopedic care to the hospital recognized as the best.

Lincoln Relay for Life teams, volunteers raise \$107,000

By Nancy Leedy

STANFORD – On Friday night, June 7, the Lincoln County Relay for Life celebrated having raised \$107,492.01 for the American Cancer Society. Those donations, however, didn't just drop in the lap of the local event. No, the funds were raised through the tireless efforts of 29 Relay for Life teams and over 300 volunteers.

Record numbers were set at the 2013 Lincoln County Relay for Life for luminaria, the silent auction and survivors in attendance. The luminaria, which were purchased in memory of and in honor of cancer victims, brought in \$4,966 in donations, the auction produced \$3,950.30 and 81 survivors participated in the Survivor Walk.

Many helped in the raising of money for the American Cancer Society and several of those people and/or teams were recognized by the local committee at this year's Relay for Life. The list of the top fund-raising individuals

CANCER SURVIVOR Patsy Lawrence accepts a flower from a Stanford Brake Parts representative during the Lincoln County Relay for Life. Each of the 81 cancer survivors making the Survivor Walk received a flower from the local factory. Lawrence is a 13-year survivor of skin cancer.

or teams follow.

Stanford's Brake Parts repeated as the top money-maker for Lincoln County's Relay for Life, turning in a donation of \$31,669.47.

Miranda Young was recognized as the top youth individual fund-raiser ages 12 and under, bringing in \$1,150. Kendra Smith was the top in youth donations for ages 13-18 with \$3,159.33 raised.

Awards were presented in five different group categories, with families/friends,

business, church, medical and school/non-profit teams also recognized.

Our Superman Team was the top fund-raiser in the Family/Friends division with a total of \$4,132.92 in donations. The second-place team, the Lynch Family, raised \$2,201.14.

WPBK-FM took first place in the business category with \$4,203.33 raised while PBK Bank was second with \$3,789.24.

Stanford Presbyterian Church once again took the top award for church teams with a donation of \$4,668.86. Stanford Christian Church had the

second highest church donation with \$3,226.07.

In the non-profit division, Lincoln County Department of Community Based Services emerged as the top fund-raiser with \$2,882.56 in donations. The Lincoln County Homemakers finished second in the division with \$2,267.70.

The Lincoln County High School Relay for Life team won in the school division with a donation of \$1,881.69.

Fort Logan Hospital repeated as the top fund-raiser in the medical division with \$5,846.89. Stanford EMS was second in dona-

tions with \$2,666.41.

The Bates, Miller & Sims team received the "Light the Way to Hope" award for selling the most luminaries, \$680.

"Western Relay" was the theme for the 2013 event and Stanford Christian Church's "Lasso a Cure" camp took the top prize in the campsite competition. Stanford Christian also was the overall winner of the night's Spirit Stick.

The Hair Loft owner/stylist Tracey Pittman once again put her scissors to great use at Relay, trimming off over 150 inches of hair to be donated to Locks of Love.

HELP! Kassidy Catron and Dakota Lunsford peer out from the Calvary Hill Baptist Church's jail, above, at Relay for Life. To help boost its donations, the church "arrested" Relay for Life attendees, who had to be "bailed" out. At left, Mildred Baird wipes tears from her eyes as she listens to granddaughter Lisa Adkins retell the struggles her young son Josh went through while battling cancer. Josh lost his fight with the disease at the age of 13. Below, luminaria lined the track at the Lincoln County Fairgrounds in honor of those who have survived cancer or are currently battling the disease and in memory of those that have lost their life in the fight.

COMMISSIONER'S SALE COMMONWEALTH OF KENTUCKY 28TH JUDICIAL DISTRICT LINCOLN CIRCUIT COURT DIVISION NO. II CIVIL ACTION NO. 10-CI-00135

CITIMORTGAGE, INC.

PLAINTIFF

vs.

NOTICE OF SALE

ZACHARY HAMPTON ET AL

DEFENDANTS

**FRIDAY, JUNE 28, 2013, AT 10:00 A.M.
FRONT DOOR, LINCOLN COUNTY COURTHOUSE**

Pursuant to a Judgment and Order of Sale of the Lincoln Circuit Court entered August 26, 2011, in the above-styled civil action, the undersigned Master Commissioner will sell the following real property located at 126 Hilltopper Drive, Stanford, Lincoln County, Kentucky, at the front door, Lincoln County Courthouse, on **Friday, June 28, 2013**, at the hour of 10:00 a.m., or as soon thereafter as said property can be sold, said property being more particularly described as follows:

BEING Lot No. 19, Cash Creek Estates, Phase No. 2, as shown on Plat of record in Plat Slide A-467, Lincoln County Court Clerk's Office, to which reference is hereby made for a more particular description.

This being the same property acquired by Zachary Hampton, a single person, and Vanessa Sowders, a single person, by deed from Jeffery L. Frederick, a single person, dated October 31, 2008, of record in Deed Book 382, Page 97, Lincoln County Court Clerk's Office.

The above described real property will be sold and conveyed subject to such valid and existing easements, restrictions, reservations, conditions, covenants and limitations apparent or of record in the chain of title.

The sale of the above real property will be made on a credit of thirty (30) days time with the privilege extended to the purchaser of paying the entire purchase price, or any part in excess of ten percent (10%) thereof, in cash at the time of the sale. If the sale be made on credit, the purchaser shall pay to the Master Commissioner immediately at the time of the sale ten percent (10%) of the total sale price and execute bond for the balance due in thirty (30) days, bearing interest at the rate of twelve percent (12%) per annum from the date of sale until paid, with a good and sufficient surety thereon; and the bond shall be secured by a lien upon said property sold which shall have the full force and effect of a judgment. The purchaser may pay the purchase price money due on the bond with accrued interest at any time before maturity.

The real property described herein is to be sold at the time and place stated; and shall be sold free and clear of all liens, indebtedness, interests and claims of the parties hereto, subject to any and all applicable statutory rights of redemption.

All delinquent ad valorem taxes, if any, interest and penalties will be paid out of the proceeds of said sale. The purchaser will be responsible for payment of the 2013 ad valorem taxes.

Possession of the real property will be given to the purchaser with the delivery of the deed of conveyance thereto. The purchaser will be responsible for all risks of loss to the premises upon acceptance of their bid at the time of sale.

The purpose of this sale is to satisfy the judgment of the Lincoln Circuit Court in the above-styled action in favor of Plaintiff in the sum of \$224,340.76 plus interest, advances for the protection of the property, costs and attorney fees as authorized and provided in said Judgment.

For further information concerning the above sale contact: Hon. Angela M. Goad, Attorney for Plaintiff, Lerner, Sampson & Rothfuss, P.O. Box 5480, Cincinnati, OH 45201-5480, Tel. #513-241-3100.

Edward G. May
Master Commissioner
Lincoln Circuit Court

The 202nd Army Band will perform a FREE concert on Tuesday, July 9 at 7 p.m. on the steps of the Lincoln County Courthouse. The public is invited to bring their lawn chairs and enjoy the concert. Stanford resident, Chris Mingo, is shown, directly behind the lady on the front row holding the plaque.

202nd Army Band to present concert in July

The 202nd Army Band will present a concert in Stanford on Tuesday, July 9 at 7 p.m. on the steps of the Lincoln County Courthouse. The community is invited to bring lawn chairs and enjoy the free concert.

The 202nd Army Band of the Kentucky Army National Guard brings together talented musicians who enjoy performing jazz, rock, contemporary, classical and patriotic tunes. We gather one weekend a month and two weeks during the summer to make exemplary music for the public and for soldiers. 202nd Army Bandsmen have traveled throughout Kentucky, the United States and internationally.

Our ensembles have performed in venues from Honolulu, Hawaii to Santiago Chile. We also march parades, support

change-of-command ceremonies, perform in state parks and have even opened for national acts. Hundreds of musicians have given their time and talents as part of the 202nd Army Band. Members represent a wide array of careers and life experiences such as students, teachers, health care professionals and businessmen and women.

In January 1947, the 202nd Army Ground Forces Band was organized in Lexington, Ky. Six months later the unit moved to a new home station in Ashland where it remained until September 1970. During those years, 202nd bandsmen trained at Fort Knox, Camp Breckinridge and Fort Campbell. They received numerous awards for military proficiency, such as the General John J. “Black Jack” Pershing Trophy, the

Eisenhower Trophy, the Adjutant General’s Trophy, and most recently the 2010 George S. Howard award for Military Musical Excellence by a concert band.

In the early 1970s, Kentucky’s “Band of the Bluegrass” relocated from Ashland to Louisville, and then in 1972 moved to Frankfort, its present home station. During this time the band increased in strength from 24 to 40 members and launched an annual statewide concert tour in celebration of the United States bicentennial. Today the two-week tour takes the 202nd to all corners of Kentucky to promote interest in Kentucky’s National Guard. Our bandsmen have also travelled to Michigan, Wisconsin, Virginia, Mississippi, Georgia, Hawaii, Louisiana, and Washington, D.C. to

perform. In 1994 the unit journeyed to Santiago, Chile where it conducted a series of concerts for the Chilean people. 202nd band ensembles have also entertained at the U.S. Army’s Walter Reed Hospital, Kentucky

Governor’s Mansion, World Wrestling Entertainment and have opened for a wide array of entertainers to include Danny Thomas and John Rich.

“The Band of the Bluegrass” has supported

such key missions as the 2009 ice storm state disaster and emergency relief effort. We are proud members of the 751st Troop Command Battalion of the 75th Troop Command Brigade of the Kentucky National Guard.

Learning Ladder Child Care participates in Stars for Kids Now program

STARS FOR KIDS NOW is a voluntary rating system for licensed and certified child care programs.

Programs are given a 1 to 4 STAR rating. All STAR levels are measureable quality indicators above the state minimum requirements.

The Learning Ladder Child Care and

Development Center is participating in the STARS FOR KIDS NOW Program.

The Learning Ladder has been awarded a Level 1 STAR rating, indicating that the program is seeking quality standards beyond the requirements for facility licensure.

STAR ratings are based

on factors associated with good outcomes for young children such as staff to child ratios, program curriculum and staff education and training. Children who are cared for in safe, stable and nurturing environments tend to develop effective social skills, and more likely to be well prepared to enter

school.

Child care programs that participate in STARS FOR KIDS NOW are eligible for achievement and incentive awards that will help to maintain and increase quality standards. Child care professionals can access a college scholarship fund, and have technical assistance

from specially trained personnel to assist their program in meeting the quality standards that are a part of STARS FOR KIDS NOW.

The Learning Ladder Child Care and Development Center child care program is participating in STARS FOR KIDS NOW as a way of indicating

to parents and others in the community that program staff are working to provide appropriate and safe care for children each and every day.

To contact the Learning Ladder Child Care and Development Center child care program, call Tiffany at (606) 365-8881.

Money tips for students:

Understanding pay stubs

When you work, your employer will give you a pay stub when you get paid, even if you use direct deposit. Understanding the information on the pay stub is vital to managing your money and budgeting, according to the Kentucky Higher Education Assistance Authority (KHEAA).

Each company's pay stub is different, but all employers must include these items:

- Gross Pay: This is what you earned that pay period before any taxes or benefits, such as insurance, were withheld.

- Net Pay: This is your take-home pay after all the taxes and benefits have been deducted from your gross pay.

- Federal Tax Amount: Federal income tax might be abbreviated as Fed Tax, FT or FWT. This is how much was withheld to pay your federal taxes, based on the W-4 form you filled out when you were hired.

- State Tax: State taxes might be abbreviated as St Tax, STW or simply by the abbreviation of the state in which you reside (for example, KY).

- Local Tax: Some cities, counties or school districts may require you to pay a local tax. You may not have this tax withheld if you don't live or work in an area that assesses these taxes.

- Social Security Tax:

Social Security tax might be abbreviated FICA, SS, SSWT or OASDI. The federal government requires that 6.2 percent of your wages be withheld.

- Medicare: Medicare tax might be abbreviated MWT or Med. Like Social Security taxes, the federal government requires that 1.45 percent of your wages be withheld.

- Year-to-date (for pay and deductions): The year-to-date fields show how much you have earned up to that point as well as what has been deducted for each tax or benefit.

KHEAA is the state agency that administers Kentucky's grant and scholarship programs, including the Kentucky Educational Excellence Scholarship (KEES). It provides financial literacy videos at <http://itsmoney.kheaa.com>. KHEAA also provides free copies of "It's Money, Baby," a guide to financial literacy, to Kentucky schools and residents upon request at publications@kheaa.com.

To learn how to plan and prepare for higher education, go to www.gotocollege.ky.gov. For more information about Kentucky scholarships and grants, visit www.kheaa.com; write KHEAA, P.O. Box 798, Frankfort, KY 40602; or call 800-928-8926, ext. 6-7372.

Managing money

Students need to know how to manage money and to make it grow. Knowing what to do with your money helps you manage your income and expenses throughout your life. These tips from the Kentucky Higher Education Assistance Authority (KHEAA) will help.

Entire sectors of the economy are dedicated to separating you from your hard-earned cash. Here are some tips to help you keep more of your money.

Every time you consider buying something, whether it's a soda or song download, ask yourself, "Do I really need this?" If the answer is no, don't buy it. Follow these tips:

- Don't get in over your head with buying clothes, eating out or living a lifestyle you can't pay for.

- Buy smart by being a good consumer and researching your options.

- Avoid buying something on impulse, especially high

dollar items.

- Comparison shop — you might find bargains elsewhere.

- Always have a budget, monitor your checking account carefully and check your credit reports once a year for accuracy and possible identity theft.

KHEAA is the state agency that administers Kentucky's grant and scholarship programs, including the Kentucky Educational Excellence Scholarship (KEES). It provides free copies of "It's Money, Baby," a guide to financial literacy, to Kentucky schools and residents upon request at publications@kheaa.com.

Water - Essential for Life

McKinney Water District
Water Quality Report for year 2012

P.O. Box 7
McKinney, Ky 40448
Meetings: McKinney Water District Office
Meeting Dates and Time: Second Tuesday of Each Month 4:30pm

KY-0690278
Manager: **Mark Reed**
Phone: **606-346-2220**
CCR Contact: **Mark Reed**
Phone: **606-346-2220**

This report is designed to inform the public about the quality of water and services provided on a daily basis. Our commitment is to provide our customers with a safe, clean, and reliable supply of drinking water. We want to assure that we will continue to monitor, improve, and protect the water system and deliver a high quality product. Water is the most indispensable product in every home and we ask everyone to be conservative and help us in our efforts to protect the water source and the water system.

The McKinney Water District (A=in table pwsidKY0690278) purchases water from two surface water sources, the first being the City of Eubank (B= in tablepwsidKY1000124) by way of the City of Somerset. The Ottenheim community is served by water purchased from Eubank Water System and the remainder of McKinney Water District is served by water purchased from the City of Stanford (C= in table pwsidKY0690417). The City of Stanford treats surface water from Rice Lake. The susceptibility of the Lake Cumberland Reservoir water source to contamination indicates that this susceptibility is low. And the susceptibility of the Stanford water supply to contamination susceptibility is generally moderate. Some sources of contamination are roads and bridges, agricultural activities like farming and logging. Human activities such as recreational lake use, mining, drilling are also areas of concern within our watersheds. Full copies of the source water assessments are available at the, Lake Cumberland Area Development District, 2384 Lakeway Dr., Post Office Box 1570, Russell Springs, KY 42642, Phone: (270) 866-4200.

Drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some contaminants. The presence of contaminants does not necessarily indicate that water poses a health risk. More information about contaminants and potential health effects may be obtained by calling the Environmental Protection Agency's Safe Drinking Water Hotline (800-426-4791).

The sources of drinking water (both tap water and bottled water) include rivers, lakes, streams, ponds, reservoirs, springs, and wells. As water travels over the surface of the land or through the ground, it dissolves naturally occurring minerals and, in some cases, radioactive material, and may pick up substances resulting from the presence of animals or from human activity. Contaminants that may be present in source water include: Microbial contaminants, such as viruses and bacteria, (sewage plants, septic systems, livestock operations, or wildlife). Inorganic contaminants, such as salts and metals, (naturally occurring or from stormwater runoff, wastewater discharges, oil and gas production, mining, or farming). Pesticides and herbicides, (stormwater runoff, agriculture or residential uses). Organic chemical contaminants, including synthetic and volatile organic chemicals, (by-products of industrial processes and petroleum production, or from gas stations, stormwater runoff, or septic systems). Radioactive contaminants, (naturally occurring or from oil and gas production or mining activities).

In order to ensure that tap water is safe to drink, EPA prescribes regulations that limit the amount of certain contaminants in water provided by public water systems. FDA regulations establish limits for contaminants in bottled water to provide the same protection for public health.

Some people may be more vulnerable to contaminants in drinking water than the general population. Immuno-compromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly, and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers. EPA/CDC guidelines on appropriate means to lessen the risk of infection by Cryptosporidium and other microbial contaminants are available from the Safe Drinking Water Hotline (800-426-4791).

Some or all of these definitions may be found in this report:

Maximum Contaminant Level (MCL) - the highest level of a contaminant that is allowed in drinking water. MCLs are set as close to the MCLGs as feasible using the best available treatment technology.

Maximum Contaminant Level Goal (MCLG) - the level of a contaminant in drinking water below which there is no known or expected risk to health. MCLGs allow for a margin of safety.

Maximum Residual Disinfectant Level (MRDL) - the highest level of a disinfectant allowed in drinking water. There is convincing evidence that addition of a disinfectant is necessary for control of microbial contaminants.

Maximum Residual Disinfectant Level Goal (MRDLG) - the level of a drinking water disinfectant below which there is no known or expected risk to health. MRDLGs do not reflect the benefits of the use of disinfectants to control microbial contaminants.

Below Detection Levels (BDL) - laboratory analysis indicates that the contaminant is not present.

Not Applicable (N/A) - does not apply.

Parts per million (ppm) - or milligrams per liter, (mg/L). One part per million corresponds to one minute in two years or a single penny in \$10,000.

Parts per billion (ppb) - or micrograms per liter, (µg/L). One part per billion corresponds to one minute in 2,000 years, or a single penny in \$10,000,000.

Parts per trillion (ppt) - one part per trillion corresponds to one minute in 2,000,000 years, or a single penny in \$10,000,000,000.

Parts per quadrillion (ppq) - one part per quadrillion corresponds to one minute in 2,000,000,000 years or one penny in \$10,000,000,000,000.

Picocuries per liter (pCi/L) - a measure of the radioactivity in water.

Millirems per year (mrem/yr) - measure of radiation absorbed by the body.

Million Fibers per Liter (MFL) - a measure of the presence of asbestos fibers that are longer than 10 micrometers.

Nephelometric Turbidity Unit (NTU) - a measure of the clarity of water. Turbidity has no health effects. However, turbidity can provide a medium for microbial growth. Turbidity is monitored because it is a good indicator of the effectiveness of the filtration system.

Variances & Exemptions (V&E) - State or EPA permission not to meet an MCL or a treatment technique under certain conditions.

Action Level (AL) - the concentration of a contaminant which, if exceeded, triggers treatment or other requirements that a water system shall follow.

Treatment Technique (TT) - a required process intended to reduce the level of a contaminant in drinking water.

Information About Lead:

If present, elevated levels of lead can cause serious health problems, especially for pregnant women and young children. Lead in drinking water is primarily from materials and components associated with service lines and home plumbing. Your local public water system is responsible for providing high quality drinking water, but cannot control the variety of materials used in plumbing components. When your water has been sitting for several hours, you can minimize the potential for lead exposure by flushing your tap for 30 seconds to 2 minutes before using water for drinking or cooking. If you are concerned about lead in your water, you may wish to have your water tested. Information on lead in drinking water, testing methods, and steps you can take to minimize exposure is available from the Safe Drinking Water Hotline or at <http://www.epa.gov/safewater/lead>.

Spanish (Español) Este informe contiene información muy importante sobre la calidad de su agua beber. Tradúzcalo o hable con alguien que lo entienda bien.

The data presented in this report are from the most recent testing done in accordance with administrative regulations in 401 KAR Chapter 8. As authorized and approved by EPA, the State has reduced monitoring requirements for certain contaminants to less often than once per year because the concentrations of these contaminants are not expected to vary significantly from year to year. Some of the data in this table, though representative, may be more than one year old. Unless otherwise noted, the report level is the highest level detected.

A=McKinney Water District pwsidKY0690278
B=City of Eubank pwsid KY1000124
C=City of Stanford pwsidKY0690417
Consumer Confidence Reports are distributed annually via. Newspaper.

	Allowable Levels	Source	Highest Single Measurement	Lowest Monthly %	Violation	Likely Source of Turbidity
Turbidity (NTU) TT	No more than 1 NTU*	B=	0.1	100	no	Soil runoff
* Representative samples of filtered water	Less than 0.3 NTU in 95% monthly samples	C=	..13	100	no	

Regulated Contaminant Test Results

Contaminant [code] (units)	MCL	MCLG	Source	Report Level	Range of Detection	Date of Sample	Violation	Likely Source of Contamination
Radioactive Contaminants								
Beta photon emitters [pCi/L]	50	0	C=	3.1	1.5 to 5	Nov-10	no	Decay of natural and man-made deposits
Alpha emitters [4000] (pCi/L)	15	0	B=	0.16	0 to 0.42	Nov-09	no	Erosion of natural deposits
			C=	1.15	0 to 2.3	Nov-10	no	
Combined radium [pCi/L]	5	0	B=	1.2	1.2 to 1.2	Feb-12	no	Erosion of natural deposits
			C=	0.6	0.21 to 0.99	Nov-10	no	
Inorganic Contaminants								
Barium [1010] (ppm)	2	2	B=	0.017	0.017 to 0.017	Feb-12	no	Drilling wastes; metal refineries; erosion of natural deposits
			C=	0.011	0.011 to 0.011	Feb-12		
Copper [1022] (ppm)	AL = 1.3	1.3	A=	0.120 (90th percentile)	0 to 0.38	Aug-10	No	Corrosion of household plumbing systems
Fluoride [1025] (ppm)	4	4	B=	1.14	0.89 to 1.34	Aug-12	no	Water additive which promotes strong teeth
			C=	1.09	0.93 to 0.28	Oct-12	no	
Lead [1030] (ppb)	AL = 15	0	A=	2 (90th percentile)	0 to 11	Aug-10	No	Corrosion of household plumbing systems
Nitrate [1040] (ppm)	10	10	B=	0.31	0.22 to 0.31	Oct-12	no	Runoff from fertilizer use;
			C=	0.33	0.24 to 0.33	Feb-12	no	leaching from septic tanks, sewage; erosion of natural deposits
Disinfectants/Disinfection Byproducts and Precursors								
Total Organic Carbon (ppm) (report level=lowest avg. range of monthly ratios)	TT*	N/A	B=	1.12	1 to 1.53	N/A	no	Naturally present in environment.
			C=	1.09	1 to 1.38	N/A	no	
*Monthly ratio is the % TOC removal achieved to the % TOC removal required. Annual average of the monthly ratios must be 1.00 or greater for compliance.								
Chlorine (ppm)	MRDL = 4	MRDLG = 4	A=	1.01 (highest average)	0.3 to 1.7	N/A	No	Water additive used to control microbes.
HAA (ppb) (all sites) [Haloacetic acids]	60	N/A	B=	31	8 to 50	N/A	no	Byproduct of drinking water disinfection
			C=	44 (average)	18 to 60 (range of system sites)	N/A	no	
TTHM (ppb) (all sites) [total trihalomethanes]	80	N/A	B=	30	7 to 61	N/A	no	Byproduct of drinking water disinfection
			C=	47 (average)	16 to 69	N/A	no	

EPA has not established drinking water standards for unregulated contaminants. There are no MCL's and therefore no violations if found.

Secondary contaminants do not have a direct impact on the health of consumers and are not required in the Consumer Confidence Report. They are being included to provide additional information about the quality of the water.

Secondary Contaminant	Maximum Allowable Level	Report Level	Range of Detection	Date of Sample
Sodium B=	optimum level =20 mg/L	22.5	12 to 22.5	Jul-12

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.

Financial aid words students need to know

High school seniors headed to college this fall need to become familiar with some financial aid terms that they will probably hear. This list from the Kentucky Higher Education Assistance Authority (KHEAA) may help.

- **Accrue.** This term, which means to increase or accumulate, is often used to refer to interest on loans. It means that the interest is added to your loan until the loan is fully paid.
- **Bursar.** On many campuses, the bursar is the official in charge of funds. You will make tuition payments to that office and will receive financial aid funds from that office.
- **Capitalize.** You may see language that says your loan interest will be capitalized if you don't pay it while in school.
- **Disburse.** This term means to pay out. You may see it as a verb telling you

that your financial aid will be disbursed by a certain date. Or you may see it as a noun, disbursement.

- **Grace period.** After you finish college or drop below half-time status, you have a certain length of time before you have to make payments on your federal loans. That time is the grace period.
- **Master Promissory Note (MPN).** This is the form you must sign before you can receive federal loans. It is a legally binding promise that you will repay the loans.

KHEAA is the state agency that administers Kentucky's student financial aid programs, including the Kentucky Educational Excellence Scholarship (KEES). To find links to other useful education websites, go to www.gotocollege.ky.gov.

For more information about Kentucky scholarships and grants, visit www.kheaa.com; write KHEAA, P.O. Box 798, Frankfort, KY 40602; or call 800-928-8926, ext. 6-7372.

Students should learn about credit scores

Your credit score is a three-digit number that has a long-lasting effect on your buying power. When you apply for credit, your credit score will be checked. The higher your credit score, the better the chances you will be approved. This information from the Kentucky Higher Education Assistance Authority (KHEAA) will help you understand more about your credit score.

Although there are several scoring methods, the most widely accepted form comes from the Fair Isaac Corporation, or FICO. Your FICO score ranges from 300 to 850. The exact formula that Fair Isaac uses is proprietary information, but these items make up your credit score:

- 5 percent of your score is based on your payment history. Early payments will have a higher number than on-time payments, which will have a higher score than late payments.
- 30 percent of the score is based on outstanding debt. This outstanding debt is how much you owe on car loans, mortgages, credit cards, etc. The number of credit cards you have and if those cards are near the maximum borrowing limit will hurt your score.
- 15 percent of the score is based on the length of time

you have had credit. The longer you have been borrowing money and paying it back in a timely manner, the better your score.

- 10 percent of the score is based on new credit. If you have opened several new accounts, that will have a negative effect on your score. Also, the more inquiries on your credit report in a year, the lower your score.
- 10 percent of the score is based on the types of credit you currently have. It helps to have a mix of loan types. If you have a credit card, an installment loan will even the credit out.

KHEAA is the state agency that administers Kentucky's grant and scholarship programs, including the Kentucky Educational Excellence Scholarship (KEES). It provides free copies of "It's Money, Baby," a guide to financial literacy, to Kentucky schools and residents upon request at publications@kheaa.com.

To learn how to plan and prepare for higher education, go to www.gotocollege.ky.gov. For more information about Kentucky scholarships and grants, visit www.kheaa.com; write KHEAA, P.O. Box 798, Frankfort, KY 40602; or call 800-928-8926, ext. 6-7372.

Respiratory department earns recognition

The Respiratory Department at Ephraim McDowell Fort Logan Hospital has earned Quality Respiratory Care Recognition (QRCR) by the American Association of Respiratory Care (AARC).

Ephraim McDowell Fort Logan Hospital is one of only 12 hospitals in Kentucky to earn recognition as a Quality Respiratory Care Institution. Nationwide, about 700 of the 5,000 hospitals in the United States have achieved this honor.

The QRCR program was started by AARC in 2003 to help consumers identify those facilities using qualified respiratory therapists to provide respiratory care. Hospitals earning the QRCR designation ensure patient safety by agreeing to adhere to a strict set of criteria governing their respiratory care services.

The AARC is a membership organization representing more than 46,000 health professionals involved in respiratory care nationwide.

City Of Hustonville

Water Quality Report for year 2012

P.O. Box 110
Hustonville KY, 40437

Meetings: Hustonville City Hall

Meeting Dates and Time: 1st Tuesday of the Month 7:00 PM

KY-0690203

Mayor: David Peyton
Phone: (606) 346-2501

CCR Contact: Mark Maddox
Phone: (606) 669-1109

This report is designed to inform the public about the quality of water and services provided on a daily basis. Our commitment is to provide our customers with a safe, clean, and reliable supply of drinking water. We want to assure that we will continue to monitor, improve, and protect the water system and deliver a high quality product. Water is the most indispensable product in every home and we ask everyone to be conservative and help us in our efforts to protect the water source and the water system.

The City of Hustonville purchases water from Danville, KY. The City of Danville treats surface water from Herrington Lake. An analysis of the susceptibility of the Danville water supply to contamination is generally moderate. However, there are areas of high concern. The Kentucky Division of Water has identified Herrington Lake as impaired. The causes for impairment are listed as follows: metals, nutrients, and organic enrichment/low dissolved oxygen. Forested areas and agriculture areas located in the watershed for Danville's intakes introduce the potential for logging and the application of agricultural chemicals-activities that contribute to non-point source pollution. Other areas of concern include power line rights-of-way with potential herbicide use, recreational grasses (i.e. golf courses) associated with the potential for chemical usage, major roads, and railways, large capacity septic systems, and numerous residential septic systems located throughout the watershed. The complete source water assessment plan is available for review at the City of Danville's water office.

Drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some contaminants. The presence of contaminants does not necessarily indicate that water poses a health risk. More information about contaminants and potential health effects may be obtained by calling the Environmental Protection Agency's Safe Drinking Water Hotline (800-426-4791).

The sources of drinking water (both tap water and bottled water) include rivers, lakes, streams, ponds, reservoirs, springs, and wells. As water travels over the surface of the land or through the ground, it dissolves naturally occurring minerals and, in some cases, radioactive material, and may pick up substances resulting from the presence of animals or from human activity. Contaminants that may be present in source water include: Microbial contaminants, such as viruses and bacteria, (sewage plants, septic systems, livestock operations, or wildlife). Inorganic contaminants, such as salts and metals, (naturally occurring or from stormwater runoff, wastewater discharges, oil and gas production, mining, or farming). Pesticides and herbicides, (stormwater runoff, agriculture or residential uses). Organic chemical contaminants, including synthetic and volatile organic chemicals, (by-products of industrial processes and petroleum production, or from gas stations, stormwater runoff, or septic systems). Radioactive contaminants, (naturally occurring or from oil and gas production or mining activities).

In order to ensure that tap water is safe to drink, EPA prescribes regulations that limit the amount of certain contaminants in water provided by public water systems. FDA regulations establish limits for contaminants in bottled water to provide the same protection for public health.

Some people may be more vulnerable to contaminants in drinking water than the general population. Immuno-compromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly, and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers. EPA/CDC guidelines on appropriate means to lessen the risk of infection by Cryptosporidium and other microbial contaminants are available from the Safe Drinking Water Hotline (800-426-4791).

Some or all of these definitions may be found in this report:

Maximum Contaminant Level (MCL) - the highest level of a contaminant that is allowed in drinking water. MCLs are set as close to the MCLGs as feasible using the best available treatment technology.

Maximum Contaminant Level Goal (MCLG) - the level of a contaminant in drinking water below which there is no known or expected risk to health. MCLGs allow for a margin of safety.

Maximum Residual Disinfectant Level (MRDL) - the highest level of a disinfectant allowed in drinking water. There is convincing evidence that addition of a disinfectant is necessary for control of microbial contaminants.

Maximum Residual Disinfectant Level Goal (MRDLG) - the level of a drinking water disinfectant below which there is no known or expected risk to health. MRDLGs do not reflect the benefits of the use of disinfectants to control microbial contaminants.

Below Detection Levels (BDL) - laboratory analysis indicates that the contaminant is not present.

Not Applicable (N/A) - does not apply.

Parts per million (ppm) - or milligrams per liter, (mg/L). One part per million corresponds to one minute in two years or a single penny in \$10,000.

Parts per billion (ppb) - or micrograms per liter, (µg/L). One part per billion corresponds to one minute in 2,000 years, or a single penny in \$10,000,000.

Parts per trillion (ppt) - one part per trillion corresponds to one minute in 2,000,000 years, or a single penny in \$10,000,000,000.

Parts per quadrillion (ppq) - one part per quadrillion corresponds to one minute in 2,000,000,000 years or one penny in \$10,000,000,000,000.

Picocuries per liter (pCi/L) - a measure of the radioactivity in water.

Millirems per year (mrem/yr) - measure of radiation absorbed by the body.

Million Fibers per Liter (MFL) - a measure of the presence of asbestos fibers that are longer than 10 micrometers.

Nephelometric Turbidity Unit (NTU) - a measure of the clarity of water. Turbidity has no health effects. However, turbidity can provide a medium for microbial growth. Turbidity is monitored because it is a good indicator of the effectiveness of the filtration system.

Variances & Exemptions (V&E) - State or EPA permission not to meet an MCL or a treatment technique under certain conditions.

Action Level (AL) - the concentration of a contaminant which, if exceeded, triggers treatment or other requirements that a water system shall follow.

Treatment Technique (TT) - a required process intended to reduce the level of a contaminant in drinking water.

Spanish (Español) Este informe contiene información muy importante sobre la calidad de su agua beber. Tradúzcalo o hable con alguien que lo entienda bien.

Copies of the CCR may be picked up at City Hall.

	Allowable Levels	Highest Single Measurement	Lowest Monthly %	Violation	Likely Source
Turbidity (NTU) TT * Representative samples of filtered water	No more than 1 NTU* Less than 0.3 NTU in 95% of monthly samples	0.35	100	No	Soil runoff

Regulated Contaminant Test Results							
Contaminant [code] (units)	MCL	MCLG	Report Level	Range of Detection	Date of Sample	Violation	Likely Source of Contamination
Radioactive Contaminants							
Beta photon emitters (pCi/L)	50	0	3.20	3.2 to 3.2	Feb-08	No	Decay of natural and man-made deposits
Alpha emitters [4000] (pCi/L)	15	0	0.08	0.08 to 0.08	Feb-08	No	Erosion of natural deposits
Combined radium (pCi/L)	5	0	0.27	0.27 to 0.27	Feb-08	No	Erosion of natural deposits
Uranium (µg/L)	30	0	0.23	0.23 to 0.23	Feb-08	No	Erosion of natural deposits
Inorganic Contaminants							
Barium [1010] (ppm)	2	2	0.010	0.01 to 0.01	Feb-12	No	Drilling wastes; metal refineries; erosion of natural deposits
Copper [1022] (ppm) sites exceeding action level 0	AL = 1.3	1.3	0.16 (90 th percentile)	0 to 0.39	Aug-09	No	Corrosion of household plumbing systems
Fluoride [1025] (ppm)	4	4	0.93	0.64 to 1.19	Apr-12	No	Water additive which promotes strong teeth
Lead [1030] (ppb) sites exceeding action level 0	AL = 15	0	16 (90 th percentile)	4 to 17	Sep-12	No	Corrosion of household plumbing systems
Nitrate [1040] (ppm)	10	10	1.870	1.87 to 1.87	Feb-12	No	Runoff from fertilizer use; leaching from septic tanks, sewage; erosion of natural deposits

Directors earn Nurse Executive Certifications

Ephraim McDowell Health and its associates are continually improving the quality of care that is provided to patients. One way to advance the quality care is for associates to study for and attain specialized certifications in their particular field of medical care. Recently, three associates earned new certifications.

Vickie King, R.N.C., M.S.N., director of Women's Health Services, Rich Pinson, B.S.N., CCRN, director of Cardiovascular

Services, and Joyce Young, R.N., MSN, MHA, director of Surgical Services, recently passed their Nurse Executive Certification (NE-BC) exam and have been credentialed by the American Nurses Credentialing Center (ANCC). The ANCC is a subsidiary of the American Nurses Association and is the largest and most distinguished organization offering nursing credentials. In order to sit for the NE exam, the applicant must hold an

active registered nursing license and a Bachelor of Science in Nursing degree or higher. The applicant must also hold an administrative-level job in a facility or be a faculty member in a graduate program for nursing administration. Continuing education credits must also be met within the few years prior to completing the exam for certification. In order to maintain certification, professional development requirements and continuing education must be met.

Fort Logan Hospital births

Evan Wayne Maeson Acey

Evan Wayne Maeson Acey, the son of Alexa and Ricky Acey of Science Hill, was born Saturday, April 27 at the Fort Logan Hospital at 1:46 a.m. He weighed 7 pounds 9 ounces and measured 19 inches at birth.

Maternal grandparents are Steve and Chastity Wesley of Science Hill. Paternal grandparents are the late Wayne Acey and Tressia Acey of Science Hill. He joins a brother, Braxton Acey, age 16 months.

Hannah May Hale

Hannah May Hale, the daughter of Tracy and Keith Hale of Crab Orchard, was born Friday, April 26 at the Fort Logan Hospital at 7:07 a.m. She weighed 6 pounds 3 ounces and measured 19.5 inches at birth.

Maternal grandparents are Regina and Joe Wren of Crab Orchard and Kelly McMahan of Oklahoma. Paternal grandparents are Easter and Charles Hale of Crab Orchard. She joins brothers, Jordon Hale, age 11 and Elijah Griffin, age 5 and a sister Nevach Hale, age 1.

Alexander Clayton Hulett Jr.

Alexander Clayton Hulett, Jr., the son of Danielle Jo and Alexander Clayton Hulett, Sr., of Lancaster, was born Wednesday, April 17 at the Fort Logan Hospital at 8:30 p.m. He weighed 7 pounds 2 ounces and measured 20 inches at birth.

Maternal grandparents are Shirley and William Arnett of Waynesburg. Paternal grandparents are Calvin and Barbi Hulett of Lancaster. Paternal great grandparent is Mary Hulett of Lancaster.

Jadyn Wesley Jones

Jadyn Wesley Jones, the son of Anastasia Silverthorn and Jeffery W. Jones, Jr., of Waynesburg, was born Thursday, May 2 at the Fort Logan Hospital at 4:04 a.m. He weighed 6 pounds 5 ounces and measured 19 1/4 inches at birth.

Maternal grandparents are Mary Silverthorn and Wesley (Jake) Silverthorn of Waynesburg. Paternal grandparents are Jeffery Jones, Sr. of Mt. Vernon and Nancy Cromer of Richmond. Maternal great grandparents are Josephine Mills of Liberty and the late Ira Silverthorn of Little Falls, N.Y., Ellen Watson of Henryetta, Okla., and Everett Sowder of Waynesburg. Paternal great grandparents are Flossie Irene Jones and Betty and Estill Cromer of Mt. Vernon and the late James Junior Jones. He joins a brother, Dakota Blake Barnett, age 21 months and a sister, Hazelyn Cayse Jones, age 18 months.

Riley Jo Luttrell

Riley Jo Luttrell, the daughter of Carmen Durham and Greg Luttrell of Liberty, was born Wednesday, April 24 at the Fort Logan Hospital at 5:03 p.m. She weighed 7 pounds 14 ounces and measured 19.9 inches at birth.

Maternal grandparents are Steven Durham, Rebecca Durham and Tammy Cain of Liberty. Paternal grandparents are Rodney Luttrell, Michelle Luttrell, Karen Pennington and Brad Pennington of Liberty.

Hunter Wayne Roberts

Hunter Wayne Roberts, the son of Amanda and Bryce Roberts of Hustonville, was born Monday, April 29 at the Fort Logan Hospital at 6:01 p.m. He weighed 7.1 pounds and measured 20 inches at birth.

Maternal grandparents are Madalyn Reynolds and Darrell Reynolds of Abilene, Texas. Paternal grandparents are Misty Roberts and Steve Roberts of Hustonville. Maternal great grandparents are Butch Reynolds, Dorene Lewis, Myra Vickery and Dale Mowles of Galveston Texas. Paternal great grandparents are Annette Caudill, James Caudill, Kelly Wilcher, Phyllis Roberts and Jerry Roberts of Hustonville.

Garrett Lane Snow

Garrett Lane Snow, the son of Heather Adams and Gary Snow of Waynesburg, was born Thursday, May 2 at the Fort Logan Hospital at 2:23 a.m. He weighed 7 pounds 1 ounce and measured 18 1/2 inches at birth.

Maternal grandparents are Annie and Larry Adams of Waynesburg. Paternal grandparents are the late Beryl Snow and Faye Snow of Bethelridge. Maternal great grandparents are Willie and Gracie Hampton and the late Buster Adams and Jewel Coots. Paternal great grandparents are the late Lillian and Eugene Shelton and the late Ronald Snow, Sr. and Helena Luttrell. He joins sisters, Breanna Adams, age 7, Brooklynn Sizemore, age 5 and Alexia Snow, age 3.

How To Get Rid Of Knee Pain Once And For All... Without Drugs, Shots, or Surgery

Now, In Boyle County, one doctor is helping local residents with knee pain live more active, pain-free lives.

A New Treatment is Helping Patients with Knee Pain Live a Happier, More Active Lifestyle

Living with knee pain can feel like a crippling experience. Let's face it, your knees aren't as young as they used to be, and playing with the kids or grandkids isn't any easier either. Maybe your knee pain keeps you from walking short distances or playing golf like you used to.

Nothing's worse than feeling great mentally, but physically feeling held back from life because your knee hurts and the pain just won't go away!

Since opening, we've seen hundreds of people with knee problems leave the office pain free. If you're suffering from these conditions, a new breakthrough in medical technology may completely eliminate your pain and help restore normal function to your knees.

Do You Have Any of the Following Conditions?

- Arthritis
- Knee pain
- Cartilage damage
- Bone-on-bone
- Bursitis
- Tendonitis
- Crunching and popping sounds

Finally, You Have An Option Other Than Drugs or Surgery and it's Pain Free!

The COLD Laser is an outpatient, non-surgical procedure, often used in physical therapy and sports medicine to accelerate the healing process. It offers non-invasive treatment to promote healing for those who suffer from pain in muscles, nerves and joints, like that associated with chronic knee pain. This same laser is used by professional sports teams including the New York Yankees and Cincinnati Bengals.

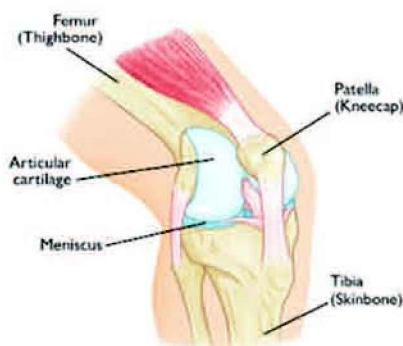

It Promotes Rapid Healing

This pain-free, non-surgical approach works by stimulating the body's natural healing processes, providing pain relief and reducing injury damage. This leading edge technology has an impressive success rate of returning patients to work, sports and competitive activities, as well as everyday life. Patients treated with the COLD laser often show a higher level of function, both during and after the treatment period. The therapeutic laser provides a tremendous alternative for those facing surgery.

Could This Non-Invasive Natural Treatment Be The Answer To Your Knee Pain?

For 10 days I'm running a very special offer where you can find out if you are a candidate for COLD Laser.

What does this offer include? Everything I normally do in my "Knee Pain Evaluation". Just call before June 22nd and here's what you'll get...

My name is Vivian Cummins and just a few weeks ago I was barely able to walk or stand for very long. I had so much pain in my knees that I was in tears. I had tried physical therapy and that did not help, walking was very hard for me. My lifestyle was limited by my inability to walk.

Since beginning care at True Chiropractic Center my pain has decreased tremendously and I am able to walk farther.

Dr. True and his staff are knowledgeable, caring professionals dedicated to helping you regain your health. Don't live with Neuropathy pain- these people can help you!

My name is Ralph Lewis and I have been a patient of Dr. True for many years. I am diabetic and have suffered for many years with this disease. Several years ago I saw Dr. True for foot pain and neuropathy in my feet and lower legs. They had severe discoloration and with my first laser treatment I had at least 50% improvement. With laser treatments I have been able to keep my limbs!

- An in-depth consultation about your problem where I will listen...really listen... to the details of your case.
- A complete neuromuscular examination.
- A full set of specialized x-rays to determine if arthritis is contributing to your pain. (These cost \$150)
- A thorough analysis of your exam and x-ray findings so we can start mapping out your plan to being pain free.
- You'll see everything first hand and find out if this amazing treatment will be your pain solution, like it has been for so many other patients.

Until June 22, 2013 you can get everything I've listed here for only \$60. The normal price for this type of evaluation including x-rays is \$450, so you're saving a considerable amount by taking me up on this offer.

Remember what it was like before you had knee problems? When you were pain free and could enjoy everything life had to offer? It can be that way again. Don't neglect your problem any longer - don't wait until it's too late.

Here's what to do now:

Due to the expected demand for this special offer. I urge you to call our office at once. The phone number is 859-236-6994.

Call today and we can get started with your consultation, exam and x-rays as soon as there's an opening in the schedule. Our office is called True Chiropractic Center and you can find us at 100 Brenda Avenue, Danville, Ky. Tell the receptionist you'd like to come in for the Knee Evaluation before June 22nd.

Yours in Health
Vance N. True, D.C.

Now you might be wondering...

"Is this safe? Are there any side effects or dangers to this?"

During more than twenty years of use by health-care providers all over the world, very few side effects have ever been reported. Occasionally some old injuries or pain syndromes may feel aggravated for a few days, as the healing response is more active after treatment. Of course at our office, the laser is never anywhere near your eyes and we'll give you a comfortable pair of goggles for safety. Don't wait and let your knee problems get worse, disabling you for life. Take me up on my offer and call today 859-236-6994.

CALL TODAY TO SCHEDULE YOUR
\$60 (\$450 VALUE)
KNEE PAIN EVALUATION

100 Brenda Avenue
Danville KY 40422
859-236-6994

* It is always our policy for you to have the right to rescind within 72 hours any obligation to pay for services performed in addition to this free or discounted service.

Are you a small business owner?

Does the thought of creating & managing your own website seem expensive and complicated?

If you answered yes to these questions- Give us a call at (606) 365-2104.

We have the solution you need!

Packages ranging from \$25 per month to \$100 per month, with the option to use your own domain name! Capabilities include: Paypal purchases, Forms, Newsletters, Photo Libraries, Videos, Social Media links and Much More!

Heritage Hospice ranks high in surveys

Heritage Hospice, Inc., which serves Boyle, Garrard, Lincoln and Mercer counties, has been named a 2013 Hospice Honors recipient, a prestigious award recognizing hospice agencies providing the best patient care as rated by the patient’s caregiver.

Established by Deyta, a company that helps Heritage Hospice with the surveys it does with families, this annual honor recognizes the top 100 agencies that continuously provide the highest level of satisfaction through their care as measured from the caregiver’s point of view. Deyta used the Family Evaluation of Hospice Care (FEHC) survey results from more than 1,200 partnering hospice agencies contained in its national, FEHC database with an evaluation period of January through December 2012. Deyta used the five key drivers of caregiver satisfaction as the basis of the Hospice Honors calculations.

The five drivers are: “Would you recommend this hospice to others?”; hospice team responds to needs in evenings and weekends; overall patient care while under care of hospice; family was kept informed of patient’s care; and patient’s personal needs were taken care of.

One respondent to the survey said, “Since Heritage Hospice has been involved, we the family and caregiver, make our everyday living rewarding and confident. All staff exhibit concern, love, patience, professionalism and kindness.”

Chrissy Cummins, Heritage Hospice’s Director of Clinical Services, works closely with the surveys and patient satisfaction needs. She credits the skill, commitment and passion of the clinical staff and volunteers for this honor. “Heritage Hospice served 512 patients in 2012. ... This staff and volunteers care for these people like they are their own family. They understand suffering and the difference quality of life bring

— the incredible power of presence. They bring all they have to the patients and families of Heritage Hospice. I couldn’t be more proud of their being recognized as a top hospice across this country.”

Janelle Wheeler, Heritage Hospice executive director, credits the dedicated staff and volunteers at Heritage Hospice, Inc. for their commitment to excellence and service of the mission of the organization for this honor. “We strive to create the best possible experience for the patient and family during the most difficult time,” she says.

Liz Silva, director of hospice at Deyta, says Hospice Honors defines a new standard of excellence in the patient/family experience for hospice agencies. “Identifying these top-performing hospices is our way of recognizing organizations that have demonstrated high quality of care to both patients and caregivers. That positive family experience is a key driver of ongoing patient-focused care and overall agency success.”

Other Kentucky hospices ranked in the top 100. They are: Community Hospice in Ashland; Hosparus in Elizabethtown; Hospice East in Winchester; and Hospice of the Bluegrass in Cynthiana and its Hospice Care Centers in Lexington and Hazard.

About Deyta, LLC
Deyta | 7400 New LaGrange Road, Suite 200 | Louisville, Kentucky 40222 | 888-893-1937 | www.deyta.com

Partnering with thousands of hospice, home health, human services, and other healthcare organizations, Deyta simplifies data driven management, enabling our clients to overcome the avalanche of information that clouds good judgment. With Deyta, healthcare leaders make proactive decisions that strengthen financial performance, improve operational efficiency, assure CMS compliance, and provide better patient care.

Ephraim McDowell receives accreditation

Ephraim McDowell Regional Medical Center receives accreditation from the College of American Pathologists

The main laboratory, point-of-care laboratory and pathology department at Ephraim McDowell Regional Medical Center have been awarded accreditation by the Accreditation Committee of the College of American Pathologists (CAP), based on the results of a recent on-site inspection.

“We are proud of our labs and very pleased with how we performed during this recent inspection,” said Rick Scott, director of laboratory services at Ephraim McDowell Regional Medical Center. “This re-accreditation is proof that our patients can depend on us for quality laboratory services. The surveyors were very complimentary of our lab team, laboratory services and applauded our commitment to provide state-of-the-art technology to improve patient outcomes.”

The recent on-site inspection was unan-

nounced and included a team of surveyors who visited the laboratory and surveyed more than 1,100 standards. Accredited laboratories around the world strive to align their efforts with policy procedures now contained in the CAP standards to better ensure more accurate and timely test results.

During the CAP accreditation process, inspectors examine the laboratory’s records and quality control of procedures for the preceding two years. CAP inspectors also examine the entire staff’s qualifications, the laboratory’s equipment, facilities, safety program and record, as well as the overall management of the laboratory. This stringent inspection program is designed to specifically ensure the highest standard of care for the laboratory’s patients.

The CAP Laboratory Accreditation Program, begun in the early 1960s, is recognized by the federal government as being equal to or more stringent than the government’s own inspection program.

Most of Heritage Hospice, Inc.’s staff recently posed by the agency’s sign as part of a celebration to recognize the agency’s high ranking in the family satisfaction surveys. Heritage Hospice, Inc. was named a 2013 Hospice Honors recipient, a prestigious award recognizing hospice agencies providing the best patient care as rated by the patient’s caregiver.

Water - Essential for Life

City of Stanford Waterworks
Water Quality Report for year 2012

842 East Main St.
Stanford, Kentucky 40484

Meetings: Stanford Water& Sewer
Meeting Dates and Time: 1st Tuesday of Month 10:00am

KY0690417

Manager: **Ryan Owens**
Phone: **606 365 4510**

CCR Contact: **Troy Carrier**
Phone: **606 365 4515**

This report is designed to inform the public about the quality of water and services provided on a daily basis. Our commitment is to provide our customers with a safe, clean, and reliable supply of drinking water. We want to assure that we will continue to monitor, improve, and protect the water system and deliver a high quality product. Water is the most indispensable product in every home and we ask everyone to be conservative and help us in our efforts to protect the water source and the water system.

Our source is surface water from Henry Rice Reservoir, supplemented by James Harris Reservoir. An analysis of the susceptibility of the Stanford Water Supply to contamination indicates that the susceptibility is generally moderate. However, there are a few areas of high concern. The Henry Rice Reservoir has been identified as impaired by the KY Division of Water. The cause of impairment is described as " Nutrients / low dissolved oxygen ". The presence of an impaired water may indicate that environmental conditions detrimental to source water quality already exists within the watershed. Forested areas within the watershed may contribute to elevated levels of organic material in the reservoir or these areas may also introduce the potential for logging. Forested areas around the James Harris Reservoir are also of high concern. If logging were to take place in this watershed, the intake could be at risk of contamination. A copy of this report can be viewed at the water office upon request.

Drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some contaminants. The presence of contaminants does not necessarily indicate that water poses a health risk. More information about contaminants and potential health effects may be obtained by calling the Environmental Protection Agency's Safe Drinking Water Hotline (800-426-4791).

The sources of drinking water (both tap water and bottled water) include rivers, lakes, streams, ponds, reservoirs, springs, and wells. As water travels over the surface of the land or through the ground, it dissolves naturally occurring minerals and, in some cases, radioactive material, and may pick up substances resulting from the presence of animals or from human activity. Contaminants that may be present in source water include: Microbial contaminants, such as viruses and bacteria, (sewage plants, septic systems, livestock operations, or wildlife). Inorganic contaminants, such as salts and metals, (naturally occurring or from stormwater runoff, wastewater discharges, oil and gas production, mining, or farming). Pesticides and herbicides, (stormwater runoff, agriculture or residential uses). Organic chemical contaminants, including synthetic and volatile organic chemicals, (by-products of industrial processes and petroleum production, or from gas stations, stormwater runoff, or septic systems). Radioactive contaminants, (naturally occurring or from oil and gas production or mining activities).

In order to ensure that tap water is safe to drink, EPA prescribes regulations that limit the amount of certain contaminants in water provided by public water systems. FDA regulations establish limits for contaminants in bottled water to provide the same protection for public health.

Some people may be more vulnerable to contaminants in drinking water than the general population. Immuno-compromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly, and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers. EPA/CDC guidelines on appropriate means to lessen the risk of infection by Cryptosporidium and other microbial contaminants are available from the Safe Drinking Water Hotline (800-426-4791).

Information About Lead:

If present, elevated levels of lead can cause serious health problems, especially for pregnant women and young children. Lead in drinking water is primarily from materials and components associated with service lines and home plumbing. Your local public water system is responsible for providing high quality drinking water, but cannot control the variety of materials used in plumbing components. When your water has been sitting for several hours, you can minimize the potential for lead exposure by flushing your tap for 30 seconds to 2 minutes before using water for drinking or cooking. If you are concerned about lead in your water, you may wish to have your water tested. Information on lead in drinking water, testing methods, and steps you can take to minimize exposure is available from the Safe Drinking Water Hotline or at <http://www.epa.gov/safewater/lead>.

Some or all of these definitions may be found in this report:

Maximum Contaminant Level (MCL) - the highest level of a contaminant that is allowed in drinking water. MCLs are set as close to the MCLGs as feasible using the best available treatment technology.

Maximum Contaminant Level Goal (MCLG) - the level of a contaminant in drinking water below which there is no known or expected risk to health. MCLGs allow for a margin of safety.

Maximum Residual Disinfectant Level (MRDL) - the highest level of a disinfectant allowed in drinking water. There is convincing evidence that addition of a disinfectant is necessary for control of microbial contaminants.

Maximum Residual Disinfectant Level Goal (MRDLG) - the level of a drinking water disinfectant below which there is no known or expected risk to health. MRDLGs do not reflect the benefits of the use of disinfectants to control microbial contaminants.

Below Detection Levels (BDL) - laboratory analysis indicates that the contaminant is not present.

Not Applicable (N/A) - does not apply.

Parts per million (ppm) - or milligrams per liter, (mg/L). One part per million corresponds to one minute in two years or a single penny in \$10,000.

Parts per billion (ppb) - or micrograms per liter, (µg/L). One part per billion corresponds to one minute in 2,000 years, or a single penny in \$10,000,000.

Parts per trillion (ppt) - one part per trillion corresponds to one minute in 2,000,000 years, or a single penny in \$10,000,000,000.

Parts per quadrillion (ppq) - one part per quadrillion corresponds to one minute in 2,000,000,000 years or one penny in \$10,000,000,000,000.

Picocuries per liter (pCi/L) - a measure of the radioactivity in water.

Millirems per year (mrem/yr) - measure of radiation absorbed by the body.

Million Fibers per Liter (MFL) - a measure of the presence of asbestos fibers that are longer than 10 micrometers.

Nephelometric Turbidity Unit (NTU) - a measure of the clarity of water. Turbidity has no health effects. However, turbidity can provide a medium for microbial growth. Turbidity is monitored because it is a good indicator of the effectiveness of the filtration system.

Variances & Exemptions (V&E) - State or EPA permission not to meet an MCL or a treatment technique under certain conditions.

Action Level (AL) - the concentration of a contaminant which, if exceeded, triggers treatment or other requirements that a water system shall follow.

Treatment Technique (TT) - a required process intended to reduce the level of a contaminant in drinking water.

Spanish (Español) Este informe contiene información muy importante sobre la calidad de su agua beber. Tradúzelo o hable con alguien que lo entienda bien.

The data presented in this report are from the most recent testing done in accordance with administrative regulations in 401 KAR Chapter 8. As authorized and approved by EPA, the State has reduced monitoring requirements for certain contaminants to less often than once per year because the concentrations of these contaminants are not expected to vary significantly from year to year. Some of the data in this table, though representative, may be more than one year old. Unless otherwise noted, the report level is the highest level detected.

	Allowable Levels	Highest Single Measurement	Lowest Monthly %	Violation	Likely Source
Turbidity (NTU) TT * Representative samples of filtered water	No more than 1 NTU* Less than 0.3 NTU in 95% of monthly samples	0.13	100	No	Soil runoff

Regulated Contaminant Test Results

Contaminant [code] (units)	MCL	MCLG	Report Level	Range of Detection	Date of Sample	Violation	Likely Source of Contamination
Radioactive Contaminants							
Beta photon emitters (pCi/L)	50	0	3.10	1.2 to 5	Nov-10	No	Decay of natural and man-made deposits
Alpha emitters [4000] (pCi/L)	15	0	1.15	0 to 2.3	Nov-10	No	Erosion of natural deposits
Combined radium (pCi/L)	5	0	0.60	0.21 to 0.99	Nov-10	No	Erosion of natural deposits
Inorganic Contaminants							
Barium [1010] (ppm)	2	2	0.011	0.011 to 0.011	Feb-12	No	Drilling wastes; metal refineries; erosion of natural deposits
Copper [1022] (ppm) sites exceeding action level 0	AL = 1.3	1.3	0.166 (90 th percentile)	0 to 0.469	Sep-10	No	Corrosion of household plumbing systems
Fluoride [1025] (ppm)	4	4	1.09	0.93 to 1.28	Oct	No	Water additive which promotes strong teeth
Lead [1030] (ppb) sites exceeding action level 3	AL = 15	0	14 (90 th percentile)	0 to 377	Sep-10	No	Corrosion of household plumbing systems
Nitrate [1040] (ppm)	10	10	0.330	0.24 to 0.33	Feb-12	No	Runoff from fertilizer use; leaching from septic tanks, sewage; erosion of natural deposits
Disinfectants/Disinfection Byproducts and Precursors							
Total Organic Carbon (ppm) (measured as ppm, but reported as a ratio)	TT*	N/A	1.09 (lowest average)	1.00 to 1.38 (monthly ratios)	N/A	No	Naturally present in environment.
*Monthly ratio is the % TOC removal achieved to the % TOC removal required. Annual average of the monthly ratios must be 1.00 or greater for compliance.							
Chlorine (ppm)	MRDL = 4	MRDLG = 4	0.89 (highest average)	0.21 to 1.42	N/A	No	Water additive used to control microbes.
HAA (ppb) (all sites) [Haloacetic acids]	60	N/A	44 (system average)	18 to 60 (range of system sites)	N/A	No	Byproduct of drinking water disinfection
TTHM (ppb) (all sites) [total trihalomethanes]	80	N/A	47 (system average)	16 to 69 (range of system sites)	N/A	No	Byproduct of drinking water disinfection.

EPA has not established drinking water standards for unregulated contaminants. There are no MCL's and therefore no violations if found.

Secondary contaminants do not have a direct impact on the health of consumers and are not required in the Consumer Confidence Report. They are being included to provide additional information about the quality of the water.

Secondary Contaminant	Maximum Allowable Level	Report Level	Range of Detection	Date of Sample
Sodium	optimum level =20 mg/L	7	6.45 to 7	Aug-12

Is this Mother Natures cure for knee arthritis? “How Roosters Helped Scientists Develop Breakthrough Knee Arthritis Treatment That’s Sweeping The Nation”

And how you can find out if this FDA cleared, cutting-edge arthritis treatment (covered by most insurance - even Medicare) can end your knee pain – without toxic drugs or grueling surgery...

Lexington, KY – Scientific discoveries come fast and furious. And medical breakthroughs are not only making us live longer – but better - by taking away so many of our aches and pains.

But the really interesting thing is – how some of the most powerful medical breakthroughs have come directly from Mother Nature. For example, everyone knows that antibiotics transformed medicine and has saved countless lives. But here’s something you may not know: Back in 1928 Alexander Fleming was clearing off his cluttered desk and noticed mould was growing on a slide and killing bacteria. That mould was penicillin – Mother Nature’s bacteria killing and disease curing wonder.

Mother Nature’s Arthritis Cure?

Now scientists have teamed up with Mother Nature once again and discovered a natural, powerful, cutting-edge treatment for arthritis.

This treatment is called Hyalgan and arthritis suffers can’t seem to get it fast enough. While Doctors offering it can’t keep up with the demand.

“The response has been incredible. Once the word got out, arthritis sufferers started flooding our phone lines and swarming the office. Once they found out there is an FDA cleared, Doctor administered arthritis treatment that actually works – without the side effects of toxic pain pills or grueling surgery - and has enough scientific research that it is covered by most insurance and even Medicare – just about everyone suffering with painful arthritis wants to give it a try.”

Those are the words of Dr. P Boyer MD, Director of Arthritis Treatment at Osteo Relief Institute, which is easily accessible and located here in Lexington, KY.

He is referring to the recent introduction of the breakthrough arthritis treatment, featuring Hyalgan, to his office in Lexington.

The Amazing Hyalgan Story

Osteoarthritis is a joint disease that mostly affects the cartilage. Cartilage is the tissue that covers the ends of bones in a joint. When healthy, cartilage allows bones to glide smoothly over one another and acts as a shock absorber.

Your “normal” knee also contains a small amount of fluid called synovial fluid. This synovial fluid is a thick, gel-like solution that cushions and lubricates the joint – much like oil lubricates the engine of your car.

In osteoarthritis, the cartilage breaks down and wears away and the synovial fluid loses its lubricating properties and “dries up.” This is like running your car with very old oil or none at all. Now as you attempt to use your knee(s), there is not enough lubrication, which causes bones to grind together resulting in pain, swelling, stiffness and the joint continues to wear out. This is a vicious cycle and can lead to bone-on-bone rubbing and excruciating pain.

Pain pills do NOT lubricate the joint or fix the problem. They simply attempt to make you numb so you do not feel the pain as your joints continue to deteriorate.

Roosters Help Scientist Cure Arthritis?

Here’s where the story gets really good. Since the “drying up” of synovial fluid causes joint surfaces to rub together and painful arthritis– it makes sense that if we could just put more good synovial fluid into the joint – it would solve the problem.

It would be like putting fresh oil on a squeaky door hinge. As soon as the hinge is lubricated properly – the rubbing and squeaking stops.

As soon as your knee joint has fresh synovial fluid – the rubbing and painful arthritis is gone.

But there was a big problem: Doctors don’t know how to make synovial fluid. And everything they tried to make in the lab wasn’t nearly good enough. It’s pretty clear that...

You can’t fool Mother Nature and she is tough to compete with!

That’s where the roosters come in. You see, scientists discovered that the substance in rooster combs (that big red thing on top of their heads) is made of hyaluronic acid.

And here’s why that is so important: **hyaluronic acid is one of the two natural lubricating agents in synovial fluid!**

Scientists are now able to extract the hyaluronic acid from rooster combs, purify it and create the breakthrough arthritis treatment Hyalgan.

Hyalgan is precisely injected directly into your knee joint in a series of 3-5 treatments over a 4 week period.

This instantly lubricates the joint, reduces friction and allows greater motion with less pain or no pain at all.

Hyalgan treatment not only lubricates the joint, but it acts as a shock absorber.

Here’s something very

important to consider: Even though Hyalgan is a natural substance and is NOT considered a drug, it is NOT something you can get at your local health food store. It is scientifically researched, developed by pharmaceutical companies, FDA cleared and ONLY administered by a qualified Doctor.

Who Should Consider Hyalgan Therapy, Where Can You Get It And When Should You Start?

You should certainly consider Hyalgan therapy if you have been diagnosed with knee arthritis or told you need a knee replacement. If you have not been diagnosed with arthritis but have either knee pain, stiffness (especially after use or in the morning), swelling or loss of range of motion, – you should have an examination by a specialist to determine what the cause of your problem is. If you have any of those symptoms, there is a very good chance you have or are starting to get arthritis. You may have heard about and even tried glucosamine and chondroitin. The problem with glucosamine and chondroitin is that they do not work for everyone. Hyalgan has had major success with many knee arthritis sufferers who were failed by glucosamine and chondroitin. If

these supplements have not worked for you – you may be a prime candidate for Hyalgan.

And It Is Very Important That You Do Not Wait – Here Is Why...

Studies indicate that if the arthritis is caught soon enough, the cushioning effect of the treatments combined with a specialized rehabilitation program may actually help the knee heal and cartilage may re-grow which will help avoid joint replacement surgery. In other words, the sooner you start – the better.

Does the procedure hurt? A local anesthetic is given and the procedure is virtually painless. Most patients say it is like getting a flu shot.

Why Treatments by Dr. Boyer at Osteo Relief Institute are so EXTREMELY PRECISE

Studies indicate that if the arthritis is caught soon enough, the cushioning effect of the treatments combined with a specialized rehabilitation program may actually help the knee heal and cartilage may regrow which will help avoid joint replacement surgery. In other words, the sooner you start – the better.

Does the procedure hurt? A local anesthetic is given and the procedure is virtually painless. Most patients say it is like getting a flu shot.

Here’s How To Check Out This Breakthrough Treatment And See If It Is Right For You- For FREE

Dr. Boyer is extremely excited about the response and results he is getting with this wonderful treatment and he would like to

Here’s How To Get A Free Knee Arthritis Relief Screening

Be one the first 20 to call 859-474-2775. When Rose answers the phone tell her you want your free “Knee Pain Screening.”

Discover if Hyalgan can ease or eliminate your knee arthritis pain like it has already done for so many others.

Osteo Relief Institute For Arthritis Relief
1019 Majestic Drive, Suite 270
Lexington KY 40513

Dr. Boyer has been successfully performing injections for over 15 years.

Arthritis code finally cracked?

Some Scientists and Doctors believe the secret to relieving knee arthritis pain may have been discovered in the rooster’s comb.

share it with as many arthritis sufferers as possible.

But There Is A Problem...

Even though Hyalgan helps a majority of patients the office has treated, it is not a wonder cure and does not help everyone.

For that reason, a complete examination is performed on every potential patient and the doctor only accepts you if he feels you are most likely to get the pain relief and outcome you are looking for.

That’s why Dr. Boyer in for a free screening to see if you are a candidate for Hyalgan treatments.

All you have to do is call 859-474-2775 right now and when Rose answers the phone tell her you would like your risk free “Knee Pain Screening.” They will know exactly what you are talking about and schedule you for the our first available time that fits your schedule.

Your screening should take about 25 to 30 minutes. During this time you can get all your questioned answered in a warm and friendly environment. You will know exactly what your treatment options are and if Hyalgan therapy is right for you.

Read This If You Have Already Had Treatment With Hyalgan, Orthovisc, Supartz Or Synvisc Without Good Results

If you have already had treatment with one of the products listed above (even Hyalgan) and did not get the results you were looking for, we still may be able to help you. And here is why...

All the treatment products listed above are in the same family. But they are not the same.

Dr. Boyer uses Hyalgan because it is the lowest molecular weight and in his clinical experience it has given him the best results.

Dr. Boyer does not use Synvisc because although it is extracted from rooster combs (like Hyalgan) is chemically cross-linked with formaldehyde and vinylsulfone.

And here’s why you may have not gotten good results even if you were treated with Hyalgan:

The doctor is trained in the use of state-of-the-art fluoroscopy (a low-dose motion x-ray) to see inside the joint to make sure treatments have the best possibility for maximum success.

This is very important because studies show that Doctors doing joint injections without fluoroscopy can miss the joint space 30% of the time!

If your doctors did not use this state-of-the-art fluoroscopy... there is a chance the Hyalgan did not end up where it was supposed to.

But if you would like to do this, you must call right now. The demand for this procedure has been overwhelming. And since Dr. Boyer cannot possibly see everyone and always makes sure he gives every single patient the personal attention they deserve, he has had to limit the number of free screenings to 20.

Just imagine how it would feel have all of your knee pain finally gone.

Imagine going to bed and being able to sleep through the entire night – and waking up refreshed and energized... ready to take on the brand new day – without the arthritis pain that has been terrorizing you.

And imagine finally knowing you have a solution to your painful knee arthritis.

Well, you may not have to just “imagine” any more...because... Hyalgan treatments might be the answer you’ve been looking for.

If you’d like to see if Hyalgan can help you for free, simply give Rose a call at 859-474-2775 right now. Why wait one more day in pain when you may not have to? Call now before someone else gets your free spot.

One More Thing It’s Important...

Ever since offering this wonderful treatment, Dr. Boyer’s office has been flooded with calls. For that reason, if when you call, the lines are busy or you get voice mail... just keep calling back. The possibility of living pain-free is well worth the time and effort it may take to get through to Rose and schedule your free screening.

And don’t forget: Hyalgan treatments are covered by most insurance and Medicare. To schedule your free screening or if you have any questions call 859-474-2775 now.
